

## INTRAPARTAL FAMILY AT RISK

### Chapter 22

## **DYSTOCIA : ABNORMAL OR DIFFICULT LABOR**

- **PROBLEMS WITH**
  - Passage
  - Fetus
  - Relationship b/w passage and the fetus
  - Forces of labor
  - Psychosocial

### **PSYCHOLOGIC DISORDERS**

- Alterations in thinking, mood, or behavior
- Maternal Implications:
- Clinical Therapy:
- Nursing Assessment:
- Nursing Interventions:

### **DYSFUNCTIONAL UTERINE CONTRACTIONS: HYPERTONIC**

- Excessively frequent, ineffective, painful
- Maternal Risks
- Fetal/Neonatal Risks
- Clinical Therapy

### **DYSFUNCTIONAL UTERINE CONTRACTIONS: HYPOTONIC**

- Weak, inefficient, or completely absent (fewer than two to three contractions in 10 minutes)
- Maternal Risks
- Fetal/Neonatal Risks
- Clinical Therapy

## **DISFUNCTIONAL UTERINE CONTRACTIONS**

- Nursing Assessment:
  
- Nursing Diagnoses:
  
- Nursing Interventions:

## **PRECIPITOUS LABOR**

- Definition
  
- Maternal Risk
  
- Fetal/Neonatal Risk
  
- Clinical Therapy

## **PRECIPITOUS LABOR**

- Nursing Assessment
  
- Nursing Diagnoses
  
- Nursing Interventions

## **POST-TERM**

- Definition
- Maternal Risk
- Fetal/Neonatal Risk
- Clinical Therapy
- Nursing Assessment
- Nursing Diagnoses
- Nursing Interventions

## **FETAL MALPOSITION**

- Occiput-posterior (OP) position
- Persistent Occiput-Posterior (POP) position
- Maternal Risk
- Fetal Risk

## **FETAL MALPOSITION**

- Clinical Therapy
- Nursing Assessment
- Nursing Diagnoses
- Nursing Interventions

## **FETAL MALPRESENTATION**

- **Brow Presentation**
  - Maternal Risk
  
  - Fetal Risk
  
  - Clinical Therapy
  
  - Nursing Assessment
  
  - Nursing Diagnoses
  
  - Nursing Interventions
  
- **Face Presentation**
  - Maternal Risk
  
  - Fetal Risk
  
  - Clinical Therapy
  
  - Nursing Assessment
  
  - Nursing Diagnoses
  
  - Nursing Interventions
  
- **Breech Presentation**
  - Maternal Risk
  
  - Fetal Risk
  
  - Clinical Therapy
  
  - Nursing Assessment
  
  - Nursing Diagnoses
  
  - Nursing Interventions

## **FETAL MALPRESENTATION**

- Transverse Lie (shoulder presentation)
  - Maternal Risk
  - Fetal Risk
  - Clinical Therapy
  - Nursing Assessment
  - Nursing Diagnoses
  - Nursing Interventions

## **MACROSOMIA**

- Definition
- Maternal Risk
- Fetal Risk
- Clinical Therapy
  - Nursing Assessment
  - Nursing Diagnoses
  - Nursing Interventions

## **MULTIPLE GESTATION**

- Definition
- Maternal Implications
- Fetal Implications
- Clinical Therapy
- Community-Based Nursing Care
- Hospital-Based Nursing Care

## **NONREASSURING FETAL STATUS**

- Definition
- Maternal Implications
- Clinical Therapy
- Nursing Management

## **ABRUPTIO PLACENTA**

- Definition
- Maternal Risk
- Fetal Risk
- Clinical Therapy
- Nursing Management

## **PLACENTA PREVIA**

- Definition
- Maternal Risk
- Fetal Risk
- Clinical Therapy
- Nursing Assessment
- Nursing Diagnoses
- Nursing Interventions

## **PROLAPSED CORD**

- Definition
- Maternal Risk
- Fetal Risk
- Clinical Therapy
- Nursing Management

## **AMNIOTIC FLUID EMBOLISM**

- Definition
- Maternal Risk
- Clinical Therapy
- Nursing Management

## **HYDRAMNIOS**

- Definition
- Maternal Risk
- Fetal Risk
- Clinical Therapy
- Nursing Management

## **OLIGOHYDRAMNIOS**

- Definition
- Maternal Risk
- Fetal Risk
- Clinical Therapy
- Nursing Management

### **CEPHALOPELVIC DISPROPORTION (CPD)**

- Definition
- Types
- Maternal Risk
- Fetal Risk
- Clinical Therapy
- Nursing Management

### **3RD AND 4TH STAGE COMPLICATIONS**

- Retained Placenta
- Lacerations
- Placenta Accreta

### **PERINATAL LOSS**

- Common causes
- Maternal Implications
- Clinical Therapy
- Postbirth Evaluation
- Phases of Grief
- Nursing Assessment
- Nursing Diagnoses
- Nursing Interventions
