May 22 – July 3, 2017
M/T 6 - 8 pm
Room A-314

Both classes meet at Wilmington Campus and are 24 contact hours (2.4 CEUs)
Registration: $75 each

There are over 400 million Spanish speakers worldwide, and Spanish is the second-most widely spoken language in the United States. Perfecting your use of the Spanish language will enable you to better communicate with neighbors, customers and business associates.

Spanish: Intermediate builds on beginning-level speaking skills to help you read, write and speak Spanish with greater fluency. Using creative and interactive techniques, you will continue to learn correct pronunciation and grammar, and enjoy the opportunity to practice Spanish conversation skills in a group. It is recommended that students have already completed Spanish for Beginners (or have equivalent experience) as this class will be taught primarily in Spanish.

Spanish: Advanced will continue to develop conversation skills in a fully Spanish classroom environment. Instruction will also focus on correct sentence structure and helping students to speak more professionally using an expanded vocabulary.

Space is limited and pre-registration is required.
Register today at www.cfcc.edu/ce or in person at 502 N. Front Street, Wilmington, NC.
