

Quotes from students affected by your donations

“My prayers have been answered.”

“You should know what you’re doing is truly amazing.”

“This will relieve a lot of financial stress and allow me to worry a little less at night.”

“You are making it possible for me to make my dream a reality.”

“You made a future nurse feel hope and have given me a huge relief with this award.”

At Cape Fear Community College about two-thirds of our students have documented financial need. Most work one or more jobs while taking classes. Sometimes the expense of one textbook is enough to keep a student from succeeding in class. Your generosity and participation in the CFCC Campus Fund will fuel success allowing those who hope to achieve more. Every gift makes a difference, no matter how big or small. Thank you for helping CFCC students!

Special Recognition and Donor Giving Levels

Donors giving \$250 or more to the CFCC Campus Fund are acknowledged on donor boards on campus and receive other special recognition, including invitations to donor appreciation events. It only takes \$21 per month to receive this special recognition. Please consider these categories as you make your pledge.

Why are unrestricted or current needs gifts so important?

CFCC Foundation grants and professional development opportunities for faculty and staff are funded from unrestricted or current needs giving. While designated gifts are most appreciated, unrestricted/current needs gifts allow the CFCC Foundation to support under represented academic programs and meet unexpected students’ needs.

Fun Incentives and Prizes

Look out for the CFCC Campus Fund Prize Patrol this fall! Win fabulous prizes such as gift certificates, art, event tickets, and more! Designate all or part of your gift as unrestricted or current needs to qualify for SPECIAL PRIZES. Learn more at www.cfcc.edu/campusfund.
