Faculty name: _____ Department: _____

Email address: _____ Campus phone: _____

Proposed semester / year: _____ Course title and number: _____

(please note: approved course proposals may be deferred until future semesters, depending on the number of proposals received).

Do you have any unique classroom needs for this course? If so, please describe.

Please describe the course you propose to teach in terms of additional objectives, expectations, and unique content. For each, describe how the course will be adapted to meet honors level work. Attach additional pages if necessary. Feel free to include specific assignments, syllabi, or other documents as necessary.

In addition to those provided in the common course library, honors students will have the following **additional learning objectives**:

Honors student expectations: Please describe your expectations for honors students in terms of workload, attendance, classroom expectations, pedagogy, exam expectations, etc. Be specific with regard to how your expectation for honors students will differ from those for non-honors students.

How is the **course content** being adapted? In addition to your typical course content, what additional information will be covered, in terms of breadth or depth? What makes this course different from your non-honors version of the course?

Would you prefer that this course be a part of your standard teaching load? YES NO
