

Creating Effective Library Use Assignments in a GOOGLE World
CFCC In-Service Workshop
August 14, 2008

Collins Memorial Library. University of Puget Sound. Ideas for Library Related Assignments. 1999. Aug. 2008 <http://library.ups.edu/instruct/assign.htm>.
Suggestions for assignments useful in a variety of disciplines.

Delta University. Library. Designing Effective Library Assignments. 24 Apr. 2007. 13 June 2008 <<http://www3.delta.edu/library/Efflib.html>>.
Includes tips for successful instruction sessions at the library.

Ellison, Alicia B. "Positive Faculty/Librarian Relationships for Productive Library Assignments." *Community & Junior College Libraries* 12.2 (2004): 23-28.
Librarians want to help. Really. Suggestions for working with librarians to enhance student learning.

Gibson, Craig. "Alternatives to the Term Paper: An Aid to Critical Thinking." *Reference Librarian* Issue 24 (1989): 297-309.
Includes examples of assignments.

Information Literacy and Writing Assessment Project: Tutorial for Developing and Evaluating Assignments. 2005. University of Maryland University College. Library Services. 13 Jun. 2008
<http://www.umuc.edu/library/tutorials/information_literacy/sect4.html>.
In addition to suggestions for improving assignments, this site provides a brief quiz for faculty to check their knowledge of assignment assessment.

Parker-Gibson, Necia. "Library Assignments: Challenges That Students Face, and How to Help." *College Teaching* 49.2 (2001): 65-70. Library, Information Science & Technology Abstracts. EBSCO. CFCC LRC. 9 Jun. 2008.
Excellent article on creating effective research assignments.

University of Maryland. University Libraries. Creating Effective Research Assignments. 2006. 13 Jun. 2008 <<http://www.lib.umd.edu/guides/assignment.html>>.
Includes suggestions about print vs electronic resources.

Ward, David, and Sarah Reisinger. "Designing Internet Research Assignments: Building a Framework for Instructor Collaboration, Appendix." *Information Research* 6.1 (October 2000): 11 Jun 2008. < <http://informationr.net/ir/6-1/paper89.htm>>.
The appendix contains examples of assignments.
