The Paideia program: an educational syllabus.

CRITICAL THINKING LC 1035.6 .A35 1984

Internet Resources:

Critical Reading – Dan Kurland's site on reading and writing ideas as well as words.

<http://www.criticalreading.com/>

Critical Reading and Writing – A directory of quality online resources for both students and instructors.

http://www.austhink.org/critical/pages/critical_reading_and_writing.html

Critical Thinking: What it is and Why it Counts – This 2006 update of Peter Facione's 1998 article offers a thorough and readable discussion of the benefits of critical thinking as well as precise definitions of the cognitive skills and affective dispositions that underlie critical thinking. This 21-page essay is written primarily for students and the general public and highlights the social and civic benefits of critical thinking.

http://www.insightassessment.com/pdf_files/what&why2006.pdf

The Critical Thinking Community – This site, sponsored by the Foundation for Critical Thinking and the Center for Critical Thinking, offers a wealth of resources including full-text articles and materials for purchase (books, mini-guides, videos, posters). The site also contains a series of discussion forums devoted to critical thinking with participants from around the country.

<http://www.criticalthinking.org/>

Critical Thinking Skills in the College Curriculum – A 1988 article written in response to the Board of Governors of California Community Colleges' 1986 policy calling for "strengthening the rigor and academic standards of college-level courses." Provides assistance to faculty in identifying some of the intellectual actions that constitute critical thinking in their courses."
