

**PRACTICAL NURSING**  
*Selective Admission Process*

**Application Dates – January 17, 2019 through April 29, 2019**

***MINIMUM REQUIREMENTS ARE SUBJECT TO CHANGE EACH ACADEMIC YEAR.***

The Practical Nursing curriculum prepares individuals with the knowledge and skills necessary to provide nursing care to clients and groups of clients throughout the lifespan in a variety of settings.

Graduates of this program are eligible to apply to take the National Council Licensure Examination (NCLEX-PN), which is required for practice as a Licensed Practical Nurse (LPN). Employment opportunities include a wide variety of health care settings such as hospitals, long-term care facilities, clinics, physician's offices, industry, and community health agencies.

**APPLICATION PROCESS**

**It is the nursing applicants' responsibility to ensure that all requirements are met by the established deadline. Nursing deadlines, guidelines, and policies apply equally to all students; thus, there can be no exceptions.**

**ALL APPLICANTS MUST APPEAR IN PERSON AT CAPE FEAR COMMUNITY COLLEGE DURING THE APPLICATION PERIOD. APPLICATIONS CANNOT BE TAKEN OVER THE TELEPHONE OR BY EMAIL/WRITTEN CORRESPONDENCE.**

Steps 1 through 5 must be completed prior to filing your "Intent to Apply" to the Practical Nursing program.

**Students must:**

1. Complete the CFCC General Admissions Application. (Including the Residency Determination Application)
2. Complete **Placement Test**, if required by the Admissions Office.

To be considered for admission to the program, all applicants must meet the minimum requirements on the appropriate Placement Test.

An unweighted North Carolina high school GPA of 2.6 or higher may waive placement testing (graduation within the last 5 years). The student must meet specific high school math course requirements for high school GPA consideration (Multiple Measures).

Completion of English 111 or its equivalent and Math 171 or higher with a grade of "C" or better will eliminate taking a Placement Test.

To meet application requirements, you must demonstrate proficiency in DRE 098 and DMA 010 through DMA 080.

If an applicant scores less than the minimum cut-off scores on an appropriate Placement Test, he/she will be required to complete the essential sequence of developmental courses/modules. If the student completes all of the required remedial courses/modules with a grade of “C” or better and/or a grade of “P” prior to the application deadline date and meets the other minimum requirements, he/she may be considered eligible to apply to the Program.

The Placement Test may be taken twice in twelve (12) consecutive months and must have been taken in the last five years. Applicants who violate the testing policy will not be disqualified. However, when a nursing applicant has tested more than twice in twelve consecutive months, only the first two attempts will be considered in the application process. Placement test scores which violate the testing policy will be disregarded.

If the Placement Test has been taken at another community college (in the past five years), it is the student’s responsibility to ensure that the official scores are transferred to Cape Fear Community College.

Accommodations for testing due to a documented disability may be made with the Disability Support Services office in the Union Station Building Room U-218 or call (910) 362-7012 or 362-7158.

3. Request official transcripts from a regionally accredited High School/High School Equivalency agency and any colleges attended. High School/High School Equivalency transcripts must indicate the date graduated. Official transcripts are those received either by mail or by hand delivery to CFCC in the original, sealed envelope from the awarding institution or agency. North Carolina public high school graduates may request their official high school transcripts be sent electronically to the Admissions Office via the College Foundation of North Carolina (CFNC) website at [www.cfnc.org](http://www.cfnc.org). Home schooled students must submit a copy of the home school’s approved registration from the state in which they are registered, and an official transcript including the graduation date and documentation of completion of competency testing.
4. **Request official transcripts from all regionally accredited colleges/universities attended be mailed to the Admissions Office. These will be reviewed for possible transfer credit.**

5. **Have an overall GPA of 2.5 or higher in *all* post-secondary coursework completed at Cape Fear Community College. After an “Intent to Apply” has been filed, you must maintain a minimum GPA of 2.0 to enter the program in the fall.** If your CFCC GPA is below 2.5 and you have not been enrolled in CFCC for 3 consecutive years, you **may be** eligible for academic forgiveness. (Refer to the 2018-2019 catalog.)
6. Meet with a counselor to schedule an appointment to take the Psychological Services Bureau (PSB) Exam and to complete an “Intent to Apply” form. **The “Intent to Apply” form is not an application to the Practical Nursing Program. Applicant must file the “Intent to Apply” and schedule the PSB exam on or prior to 4:30 pm on the last day of the application period.**
7. **Take Psychological Services Bureau (PSB) exam and meet the minimum percentile cut-off scores.** Students who meet the minimum requirements discussed above will schedule an appointment to take the PSB Practical Nursing Exam. Practical Nursing applicants may take the PSB one time per application period. More information about the PSB will be provided when the student is scheduled for the PSB.

It is recommended that you purchase a PSB-RN study guide. These are available for purchase online and in most book stores. In addition, the staff in the CFCC Learning Lab (910-362-7137) will be able to provide resource materials to help prepare for the PSB exam.

A study guide for the PSB Exam can also be accessed at: <http://cfcc.edu/testing/psbtesting> (use lower case letters).

**A \$25.00 non-refundable fee will be charged to take the Practical Nursing program PSB exam. Applicants must appear in person at Cape Fear Community College. The PSB exam fee must be paid by check, cash or credit card at the time the PSB exam is scheduled. Rescheduling of PSB exams will only be considered in the case of extenuating circumstances (i.e. such as a medical emergency) and the applicant must provide documentation of the extenuating circumstance. The Dean of Enrollment Management MAY choose to issue a “Stand By Pass” for testing. A “Stand By Pass” does not guarantee admission to the test; admission to the test may be determined by seat availability. Please check your academic and personal calendars before scheduling the exam.**

In order to apply to the Practical Nursing Program, a student must meet the minimum score requirements on the PSB of the **30<sup>th</sup> percentile** in each of the following **six (6) areas: Verbal, Arithmetic, Non-Verbal, Spelling, Judgment and Comprehension, and Natural Science.** The Vocational Adjustment Index section of the PSB does not require a cutoff score, however, percentile scores in this section will count toward total PSB percentile score on the point count. Students are encouraged to do well in all areas in order to increase their PSB point count total. Those who have taken the PSB in previous years should be aware that only those scores from the two most recent attempts within the last five years will be considered. The highest score in EACH AREA will be considered for points.

You will receive an official copy of your scores 3 to 5 days after you complete the PSB exam. If you have met the minimum scores of the 30<sup>th</sup> percentile in the six required areas, you will be invited to review your point count assessment **after the application deadline and after all point counts are completed. You should expect to hear from the Counseling office early summer 2019.**

**NOTE: Depending on the health science program neither federal law nor North Carolina law permits undocumented individuals or those with DACA (deferred action for childhood arrivals) classification to receive professional licenses. See 8 U.S.C. § 1621(a) and (c)(1)(A). This does not prevent a DACA student from enrolling in a Health Science program but will prohibit the student from receiving a professional license. If you have any questions about eligibility for professional licensure please contact a counselor.**

## **PRACTICAL NURSING SELECTION PROCESS**

The point system was implemented as an objective means for evaluating nursing applicants. ALL documents needed for points must be on file at CFCC prior to the application deadline. Points will not be awarded for documentation received after the application deadline.

Practical Nursing applicants will be ranked based upon points earned, and the students with the highest number of points will be selected. If two or more students have the identical point count total, the date and time that the “Intent to Apply” form was completed in the Counseling Office will be the determining factor.

### **1. Points For the PSB Exam**

Points are based on the **percentile scores** of all **seven (7)** areas of the PSB Exam -- **Verbal, Arithmetic, Non-Verbal, Spelling, Judgment and Comprehension, Natural Sciences, and the Vocational Adjustment Index** are used in calculating the total number of points earned in this section.

### **2. Points for grades earned**

#### **Prior High School or College Level Classes**

College and/or high school courses completed prior to the application deadline with a grade of “C” or higher will earn the applicant points. (For point distribution, refer to the attached point count worksheet).

### **3. Total Points**

**Fifty percent (50%)** of the applicant’s total points from the PSB exam will be added to **fifty percent (50%)** of the applicant’s total points from related high school/college classes and attendance at an information session to equal a total point count. **NOTE:** fifty (50) percent of the total points on the PSB exam is greater than fifty (50) percent of the course point total.

#### **SPECIAL NOTES:**

**BIO 163, BIO 168 and BIO 169, must have been taken in the last five (5) years of start date of the Practical Nursing Program. Only the first attempt with a letter grade of “C” or better will be considered for the point count. Points will be awarded if you complete either BIO 168, BIO 169 or both.**

**If students plan to take BIO 168 and 169 during the Practical Nursing program in lieu of BIO 163, both BIO 168 (with at least a grade of “C”) and BIO 169 (with at least a grade of “C”) *must be completed* by the end of the fall semester of the program.**

#### **4. Points for Information Session**

Two points will be awarded for attending one Information Session. No points will be awarded for sessions attended in previous years. **Certificates of attendance must be filled out (by student) and collected by a counselor immediately after the information session in order for points to be awarded. Points will not be awarded for late arrival or if you leave the information session early.** Dates are as follows:

Wednesday, January 23, 2019	1:30 pm - 2:30 pm	U-387
Wednesday, February 20, 2019	2:30 pm - 3:30 pm	U-387
Wednesday, March 20, 2019	3:30 pm - 4:30 pm	U-387
Wednesday, April 17, 2019	4:00 pm - 5:00 pm	U-387

As stated earlier, applicants who have met the minimum 30<sup>th</sup> percentile scores in the required six (6) areas of the PSB exam (**Verbal, Arithmetic, Non-Verbal, Spelling, Judgment and Comprehension, and Natural Science**) will be invited to come in for a point count assessment. **APPLICANTS WHO FAIL TO ATTEND THIS POINT COUNT ASSESSMENT WILL WAIVE THEIR RIGHT TO CONTEST THEIR POINT TOTALS.**

*Applicant's point counts are confidential. To protect your privacy, point count totals cannot be discussed on the telephone.*

**Admission to any and all educational programs offered by Cape Fear Community College is made without regard to race, color, sex, national origin, gender identity, sexual orientation, disability, veteran status or other irrelevant factors.**

#### **NOTIFICATION PROCEDURE**

**Thirty (30)** new students may be conditionally admitted to the Practical Nursing Program each Fall semester. Students whose status is "alternate" are admitted to the program **only** if someone who was originally accepted, declines the offer of admission, or if someone who was originally accepted becomes disqualified (refer to disqualifying factors). If a student did not meet minimum requirements, was not accepted, or declined admission, he/she must re-apply the following year.

*The 30 selected students will be notified when to complete the following information:*

**1. Medical Reports**

All completed health/medical reports must be received by specified date noted in acceptance letter.

**2. Drug Screen**

**A urine drug screen is mandatory.** Testing positive on the drug screen, or evidence of tampering with a specimen, will disqualify a student from participation in the clinical assignment, thus resulting in dismissal from the PN program. **Information on obtaining a drug screen will be provided in the acceptance letter.** For further information, students should see the "**Drug and Alcohol Policy**" in the **CFCC Student Handbook**.

**3. CPR**

Students must also submit documentation of current 2 year CPR certification for health care providers (must include infant, child and adult). No online courses accepted.

#### **4. Criminal Background Check**

Clinical sites require a drug screening and a criminal background check prior to allowing students into the clinical setting (any associated fees will be the responsibility of the student). In addition, certain criminal activity, as evident by a criminal background check may also disqualify a student from clinical participation. Please be aware that failure to participate in a clinical assignment based on either the drug screening or criminal background check will result in dismissal from the Practical Nursing Program. **Information on obtaining a criminal background check will be provided in the acceptance letter.**

#### **A. PROGRESSION POLICY**

Students admitted to the Practical Nursing Program must achieve or have achieved a “C” in each course in the curriculum in order to progress semester by semester.

##### **Grading Policy**

A	Excellent	92-100
B	Good	84-91
C	Average	76-83
D	Poor	68-75

Credits in the PN Program are determined as follows:

Class	1 hour credit for each hour class
Lab	1 hour credit for three hours lab
Clinical	1 hour credit for three hours clinical

A semester credit hour is equivalent to 16 hours of classroom instruction or 48 hours of laboratory or clinical instruction.

#### **B. PHYSICAL AND COGNITIVE EXPECTATIONS OF A STUDENT NURSE**

Nursing is a practice discipline with cognitive, sensory, affective, and psychomotor performance requirements. For purposes of nursing program compliance with the **1990 Americans with Disabilities Act**, a qualified individual with a disability is one who, with or without reasonable accommodation or modification, meets the essential eligibility requirements for participation in the nursing program.

If a student believes that he or she cannot meet nursing program requirements without accommodations, the Disability Support Services office will determine on an individual basis, whether or not the necessary accommodations can be reasonably made. Further information regarding the physical and cognitive expectations of a student nurse and CORE performance standards may be found in the student policy manual for nursing.

**CFCC provides reasonable accommodations to otherwise qualified students with disabilities, as long as such disabilities, as determined on a case-by-case basis, do not preclude the student from meeting the qualifications considered essential to the program. The essential functions (Core Performance Standards) are listed below.**

## CORE PERFORMANCE STANDARDS

ISSUE	STANDARD	SOME EXAMPLES OF NECESSARY ACTIVITIES (Not all Inclusive)
Critical Thinking	Critical Thinking ability sufficient for clinical judgment	Identify cause-effect relationships in clinical situations, participate in planning care.
Interpersonal	Interpersonal abilities to interact with individuals, families, and groups from a variety of social, emotional, cultural, and intellectual backgrounds	Establish rapport with patients/clients and colleagues.
Communication	Communication abilities sufficient for interaction with others in verbal and written form	Explain treatment procedures, participate in health teaching, document and evaluate nursing actions and patient/client responses.
Mobility	Physical abilities sufficient to move from room to room and maneuver in small places	Moves around in patients rooms, work spaces, and treatment areas, administers cardiopulmonary procedures.
Motor Skills	Gross and fine motor abilities sufficient to provide safe and effective nursing care	Calibrate and use equipment; position patients/clients.
Hearing	Auditory ability sufficient to monitor and collect data	Detect auditory alarm, emergency signals, auscultatory sounds, cries for help. Responds to clients in need
Visual	Visual ability sufficient for observation and data collection necessary in nursing care	Observes patient/client responses (i.e. wound status, patient skin color change.)
Tactile	Tactile ability sufficient for data collection and physical examine	Perform palpation and other functions of physical examination and/or those related to therapeutic intervention, e.g. insertion of a catheter.

**Students who feel they need accommodations should contact the Disability Support Services office in the Union Station Building Room U-218 on the Downtown Campus or call 910-362-7012 or 910 362-7158.**

### C. DISQUALIFYING FACTORS

Students may be denied admission to nursing programs for any of the following reasons:

- A. Physical or emotional health, which indicates impairment in ability to provide safe nursing care to the public.
- B. Conduct not in accordance with the standards of a licensed practical nurse:
  1. has given false information or has withheld material information;
  2. has used any drug to a degree that interferes with his or her fitness to practice nursing;
  3. has deceived or defrauded the public;
  4. has engaged in conduct which endangers the public health.

Accepted applicants will be required to take a **drug screen and submit a criminal background check** prior to starting the program. The college follows agency protocol regarding drug screening and criminal background checks. Without access to the clinical facilities, students will be unable to satisfactorily complete the nursing courses.

***Students who register for practical nursing classes after acceptance and then withdraw before classes begin or during the first semester will be given the opportunity to apply ONLY ONCE MORE.***

#### **D. LEGAL LIMITATIONS OF LICENSURE**

Students who enroll in the PN Program should be aware that their application for licensure at the completion of the program may be denied or restricted by the North Carolina Board of Nursing for the following reasons:

- The student practiced fraud or deceit in attempting to procure a license to practice nursing.
- The student has been convicted of a misdemeanor/felony (excluding a minor traffic violation).
- The student is mentally or physically incompetent or uses any drug to a degree that interferes with fitness to practice nursing.
- The student engages in conduct which endangers the public health.

#### **COUNSELING**

If you have questions or concerns regarding the selective admissions process, please contact a counselor in the Union Station Building (Room U-123) downtown or at the North Campus in the McKeithan Center (RoomNA-100).

## **Financial Aid**

CFCC applies the Department of Education guidelines when awarding financial aid. Financial Aid is calculated based on credit hours or clock hours. The Practical Nursing program uses clock hours to determine eligibility. This means that since the nursing courses do not transfer to the two year associate degree program, the credit hours have to be converted into clock hours and pell grant funds are paid based on the number of clock hours.

The college has determined that the program is eligible for financial aid, and funds will be dispersed on this conversion. This means that students will receive less funding than the credit hours indicate.

The Financial Aid office monitors a policy that is based on federal regulations that establishes a maximum time frame for completion of a program of 150 percent of the published length of an educational program. This means that as a student majoring in Pre-Nursing or a Pre- Health Science program, you will need to pay careful attention to the number of hours you attempt prior to actual admission into your program of choice. Depending on the number of hours that you have attempted prior to admission into Nursing or a Health Science program, you may not be eligible for enough financial aid to complete the program after you have been admitted.

To make sure that you understand these policies and that you plan ahead in order to use your financial benefits in a wise and timely manner, please consult with the financial aid office located in the Union Station Building Room U-138 (Wilmington Campus) or Room NA-100 at the North Campus.
