## **Understanding Program Evaluation**

### **What is Program Evaluation?**

Program Evaluation (sometimes referred to as Degree Audit) is a powerful tool accessible from WebAdvisor you can use in planning your academic program. You can view and print requirements for your degree program and even explore other programs.

Program Evaluation shows both completed and needed courses in order to graduate from that program. It will apply your completed coursework to your active degree program and will also allow you to see how your coursework applies to any other CFCC program.

### **How do I access my Program Evaluation?**

Program Evaluation can be accessed via WebAdvisor under Academic Planning or under Academic Profile.

### **How do I read Program Evaluation?**

Your evaluation may be several pages long. In order to help you understand the evaluation, please browse through the rest of this handout.

### **How does a “what-if” statement work?**

Through Program Evaluation, you can explore the many programs CFCC offers. However, if you are changing your degree program, you must do so at Counseling Services in Student Development.

### **Is Program Evaluation the same as a transcript?**

The degree audit is not the student's official academic record. The transcript is the official record of completed work and can be obtained from the Registrar's Office.

### **What if my Major is Incorrect?**

If your major/program is not correct in our records (i.e. if you decided to change your major, but never officially changed it via Counseling Services) your Degree Audit will be incorrect. Your records need to be accurate in the system to provide you with accurate audit information.

\*X Extra - It is not necessary to complete this component of the program. A sufficient number of other components have been completed

12. **Other courses** are courses that have not applied to any of the requirements of the program. **\*\*Always check this section to see if any of the courses could apply toward a requirement's completion.**

Program Evaluation includes and assumes successful completion of all courses for which you are registered.

13. The **Notes** section indicates explanation of the 'See note...' statements as well as a legend of abbreviations used with courses or grades.

(See note "" 2" for related courses)

Datetel Colleague uses *noncourse equivalencies* (awarded through test scored) so the prerequisite checking will work.

CPT Writing Scores	Noncourse Credit Awarded
20-40	No Credit
41-65	ENG 070
66-85	ENG 080 & 070
86-120	ENG 090 & 080 & 070

CPT Reading Scores	Noncourse Credit Awarded
20-38	No Credit
39-56	RED 070
57-79	RED 080 & 070
80-120	RED 090 & 080 & 070

### English Prerequisites:

ENG 075 – None

ENG 085 – ENG 070 & RED 070, or ENG 075

ENG 095 – ENG 080 & RED 080, or ENG 085

ENG 111 – ENG 090 & RED 090, or ENG 095

### Sample prerequisite checking:

John Doe test score results: Writing 86, Reading 56. Noncourse credits awarded: ENG 070, ENG 080, ENG 090; RED 070.

John can register for ENG 085 since he meets the prerequisites for the course due to the noncourse credits awarded to him. He cannot register for a higher-level ENG because he lacks the RED credits.

**The system looks for the highest common courses.** For example, John has credit for ENG 070 and RED 070. This allows him to register for ENG 085.

**Degree Audit/Program Evaluation** will guide you as to what courses to take.

Note: In the ENG requirements, you must "Complete 1 Group," either Group 1 or Group 2 in order to meet the developmental course requirement.
