MAT 141, 142 (Both courses require labs.)

II. Other Required Hours (20-21 SHC)

At certain UNC institutions, EDU 216 (offered at CFCC) and EDU 221 (not offered at CFCC) may fulfill major requirements; at a majority of institutions, the courses will transfer only as free electives. **EDU 216 is required at CFCC.** It is recommended that within the 20 semester hours of "Other required Hours," pre-education students in Middle Grades Education and Special Education select courses that will help meet the mandated academic (second major) concentration. These courses should be selected in conjunction with the requirements at each university, since available academic (second major) concentrations and their specific requirements differ on each campus. To be consistent with North Carolina Licensure areas, Middle Grades Education students should select courses from up to two (2) of the following areas: Social Sciences, English, Mathematics, and Sciences. (NOTE: UNC-Asheville students major in an academic area, and the selected 20 hours should be in sync with their intended major/program.) Typically offered academic concentrations are biology, English, history, mathematics, and psychology. The following recommended courses in these concentrations may be taken as general education or as "Other Required Hours."

(Additional requirements are listed on the back of this sheet.)
