The North Carolina Career and College Promise at Cape Fear Community College

Plumbing

The Plumbing curriculum is designed to give individuals the opportunity to acquire basic skills to assist with the installation and repair of plumbing systems in residential and small buildings. Course work includes sketching diagrams, interpretation of blueprints, and practices in plumbing assembly. Students will gain knowledge of state codes and requirements.

Admission & Enrollment Requirements
Plumbing

To be eligible for enrollment in this program, you must meet the following criteria:

1. Be a high school junior or senior;
2. Have a weighted GPA of 3.0 on high school courses or your principal's approval;

Costs
- Tuition is waived for college courses.
- Students are responsible each semester for technology, activity, and parking/security fees.
- Students are also responsible for purchasing required textbooks and supplies for each course.
