The North Carolina Career and College Promise at Cape Fear Community College

College Pathway: Landscape Gardening

The Landscape Gardening curriculum emphasizes intensive, practical, hands-on training in applied horticulture to reinforce classroom lecture on theory and technique. Course work includes plant propagation, greenhouse and nursery plant culture, turf management, plant identification, arboriculture, diseases and pests of plants, and landscape planning, maintenance, and construction.

Admission & Enrollment Requirements
Landscape Gardening Pathway

To be eligible for enrollment in this program, you must meet the following criteria:

1. Be a high school junior or senior;
2. Have a weighted GPA of 3.0 on high school courses or your principal’s approval;

Interested?
If you meet these qualifications, submit your completed application along with the latest version of your high school transcripts to CFCC. For more information, please see your school career counselor.
