The North Carolina Career and College Promise at Cape Fear Community College

IT Web Development (C25590GP)

This pathway offers students a specialization in web development including web design using various languages such as JAVA or HTML, designing of web graphics to enhance websites, and topics on optimizing websites for marketing purposes and analytics. Graduates would be ready for work as web designers or website maintenance technicians.

Admission & Enrollment Requirements
Web Development

To be eligible for enrollment in this program, you must meet the following criteria:

1. Be a high school junior or senior;
2. Have a weighted GPA of 3.0 on high school courses or your principal’s approval;

Costs

- Tuition is waived for college courses.
- Students are responsible each semester for technology, activity, and parking/security fees.
- Students are also responsible for purchasing required textbooks and supplies for each course.
