Textbook and Calculator for MAT 171

*Could you email me the name and ISBN number of the required text?* The information is from the course syllabus that will be available on, if not before, the first day of class. You may purchase a new textbook or use the online version of the textbook. You will need a new access code. You also need the appropriate calculator. See below.

The following information was obtained from the CFCC Bookstore web information at [https://www.bkstr.com/Home/10001-29404-1](https://www.bkstr.com/Home/10001-29404-1)

Loose Leaf: $123.00  
Hard bond: new $185.50; used $129.75

Additional information is available from the publisher at [myPEARSONstore](https://www.pearsongroup.com).

(MyMathLab student access code) This code can be purchased at the CFCC Bookstore or online during the registration process. If you purchase a new textbook from the CFCC Bookstore, it is included as part of the bundle.  
Cost of about $100.00 for TI graphing calculator –TI 83 or TI 84

The following is from the MAT 171 course syllabus:

**TEXTBOOK; MATERIALS:**  
You must have the MyMathLab access code. This comes in the bundled new books available at the bookstore. If you do not buy a new book, you will need to buy the access code separately from the bookstore or online.

**ADDITIONAL REQUIREMENTS:**  
1. A TI-83 or TI-84 Calculator is REQUIRED. The TI-83/84 will be used in class and on tests. If you have a different calculator, please check with your math instructor concerning its suitability.  
2. You are REQUIRED to have the MyMathLab access code. The Course ID is supplied by your instructor. You will need the Access Code and the Course ID to enter the online (lab) portion of the course.  
3. You are REQUIRED to bring your calculator to class EVERY DAY. Failure to bring it may decrease your participation score because you cannot adequately participate in class without a calculator. A participation score may be recorded at the instructor’s discretion. This rule goes into effect on the fourth scheduled class meeting.
The following pertains to registering in CourseCompass:

## Registering for CourseCompass

You should carefully read the following information that is provided to assist you in registering in CourseCompass.

After registering in CourseCompass, you will have access to your online homework, quiz, and test assignments.

1. You may secure a NEW textbook with a MYMATHLAB student access code. See the previous page for information about the textbook. If you purchased a USED textbook or choose to use the ONLINE textbook, you may purchase a student access code. Once you have the Course ID, you may purchase MyMathLab access at the CFCC bookstore or from the publisher of the textbook at http://register.pearsoncmg.com/reg/buy/coursebuy.jsp.

2. After you have a student access code, go to http://students.pearsoned.com and click the Register button. More information is available in the lesson MyMathLab & CourseCompass Information that is available from the Important Links webpage (http://cfcc.edu/faculty/cmoore/classes).

3. Enter your student access code and your instructor's Course ID. NOTE: The Course ID was (or will be) sent to your myCFCC email address.

4. List the Course ID, your contact information and identify a login name and password. You are now registered in CourseCompass for your math course. IMPORTANT: Use your myCFCC email address userID@mail.cfcc.edu.

5. After registering, you can enter the course through myCFCC portal or by going to http://www.coursecompass.com and click on the Log In button and enter your login name and password. An alternate login address for assignments ONLY is http://mathxl.com/login_mml.htm

6. You need to download all plug-ins and players from MyMathLab. (Enter course, click on Installation Wizard, and follow the instructions.)
