PRESIDENT'S REPORT

President Morton reviewed the following information.

President Morton presented slides on summer enrollment for continuing education showing an increase 22 percent growth in FTE and 22 percent growth in FTE for curriculum.

These are outstanding numbers, a big thank you to our faculty and staff for making this happen. CFCC has hired approximately 100 full-time employees and over 300 part-time employees to handle this growth. A total of 18 new programs have started in 2025 with an increase of over 2,700 students.

Summer Semester Ends with Enrollment Surge

CFCC finished its Summer 2025 semester on July 28, with a notable increase in enrollment. Preliminary figures show 5,904 curriculum students enrolled, a 22 percent rise from Summer 2024. Over 1,120 were new students, indicating strong recruitment, retention and outreach. This growth is due to new programs, expanded online courses and meeting students' need for flexibility while balancing work and family. CFCC's online infrastructure allows students to study on their own schedule, removing barriers such as transportation and time constraints. The college's focus on recruiting, student support, advising, tutoring, and career counseling, has been key to helping students succeed.

Fall Enrollment Update

Current curriculum enrollment for the fall semester is up 13.8 percent compared to fall 2024, which translates to 1327 students. Continuing education enrollment has increased by 7 percent over fall 2024, a gain of 220 students.

Direct-Admit Partnership with New York Film Academy

CFCC has established a new partnership with the New York Film Academy through an articulation agreement allowing CFCC students to pursue advanced visual and performing arts studies. This collaboration offers smooth transfer pathways and enhances educational experiences in film, acting, musical theatre, and game design. NYFA, headquartered in New York City with Los Angeles and Miami campuses, is renowned worldwide for its practical, hands-on programs in film, media, and the performing arts. Along with the agreement, CFCC students will benefit from a tuition discount and can apply for internal NYFA scholarships, including merit-based and talent-based awards.

Lowe's Home Improvement Foundation Grant

CFCC received a \$500,000 grant from the Lowe's Home Improvement Foundation. The grant will fund plumbing and facility maintenance programs at New Hanover and Pender Correctional facilities and help start the Core Construction NCCER courses in Adult High School. Only one other community college in North Carolina received this grant.

SECU Bridge to Career Scholarship Program

CFCC has received funding from the State Employees' Credit Union (SECU) Bridge to Career Scholarship Program for the 2025-2026 academic year. The SECU Foundation supports this one-year program to eliminate financial barriers for North Carolinians pursuing state-regulated or industry-recognized credentials. CFCC can award up to 30 scholarships, each worth \$500, which can be used for registration, course fees, books, supplies, credentialing tests, transportation, childcare, and other related costs. Students are eligible for up to two scholarships annually.

The expansion adds 1,100 square feet of instructional and service space and 10 additional barber chairs. EdNC Perspective Article

Wrote an article for EdNC.org in September 2025 titled “*Putting the 'community' into Community College,*” which emphasizes CFCC's strength lies in its role as a community hub, extending education beyond classrooms through practical training facilities like the dental clinic and barber shop, which serve both students and local residents. The college also fosters cultural engagement via the Wilson Center, making the arts accessible and integrating students into real-world experiences. Ultimately, CFCC is a vital part of the regional fabric, committed to serving, transforming, and building bridges with its community.

2. Have been employed for at least 1,250 hours of service during the 12-month period prior to the commencement of FMLA leave; and,
3. Be employed at a worksite where 50 or more associates are employed by the College within 75 miles of that worksite.

If an employee is not eligible to receive FMLA leave from the College, any leave taken for medical or other reasons will need to be taken as permitted by our other leave policies.

Reasons for Taking Leave

If an employee is eligible for FMLA leave, the employee is permitted to take up to 12-work weeks ~~and/or 480 hours~~ of FMLA leave during a rolling 12-month period, except those 26 weeks of leave is available for service member family leave described in the Service Member Family Leave section below. A year is defined as a "rolling" 12-month period measured backward from the date an employee uses any FMLA leave. FMLA leave is without pay unless otherwise provided by our other policies, such as vacation leave, sick leave, or workers' compensation.

Leave may be taken:

1. For the birth of a child and to care for the newborn child.
2. For the placement of a child for adoption or foster care, and to care for the newly placed child.
3. To care for a spouse, child, or parent (*but not a parent "in-law"*) with a serious health condition.
4. Due to an employee's own serious health condition that makes the employee unable to perform one (1) or more of the essential functions of the employee's job; or

5. Because of any “qualifying exigency” described in the “Definitions” section, which includes short-notice deployment, military events and related activities, childcare and school activities, financial and legal arrangements, counseling, rest and recuperation, post-deployment activities, and any additional activities to which the College consents arising out of the fact that the spouse, or a son, daughter, or parent of the eligible employee is on covered active duty *(or has been notified of an impending call or order to covered active duty)* in the Armed Forces.

An employee’s FMLA leave for the birth or placement of a child must conclude within 12--months of the birth or placement.

Service Member Family Leave

In addition, and subject to the certification provisions set forth below, an eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member shall be entitled to take up to 26-work weeks of leave during a “single 12-month period,” defined as the period beginning on the first day the eligible employee takes FMLA leave to care for the covered service member and ending 12-months after that date, regardless of the method used by the College to determine the employee’s 12 work weeks of leave entitlement for other FMLA qualifying reasons. If an eligible employee does not take all of their 26-work weeks of leave entitlement to care for a covered service member during this “single 12-month period,” the remaining part of their 26-work weeks of leave entitlement to care for the covered service member is forfeited. Leave entitlement to care for a covered service member shall be applied on a per covered service member, per injury basis. The eligible employee may be entitled to take more than one (1) period of 26 work weeks of leave if the leave is to care for different covered service members or to care for the same service member with a subsequent serious injury or illness, except that no more than 26 work weeks leave may be taken within any single 12-month period.

During the single 12-month period described in the immediately preceding paragraph, an eligible employee shall be entitled to a combined total of 26-work weeks of Service member Family Leave and leave under the Reasons for Taking Leave Section of this policy. Nothing in this policy shall be construed to limit the availability of leave during any other 12-month period.

Serious Health Condition

A serious health condition is an event that qualifies an employee for FMLA leave defined as an illness, injury, impairment, physical or mental condition that involves:

1. Inpatient care (*i.e., an overnight stay*) in a hospital, hospice, or residential medical care facility, and any period of incapacity or any subsequent treatment in connection with such inpatient care; or
2. Any period of incapacity (*inability to work, attend school, or perform regular daily activities due to a serious health condition*) of more than three (3) consecutive calendar days involving two (2) or more occasions of treatment or one (1) occasion of treatment with a continued regimen of treatment, by or under the supervision of a health care provider; provided in all such cases the first visit to a health care provider must occur within seven (7) days of incapacity, and if it is an incapacity involving two (2) or more occasions of treatment, the second must occur within 30-days of the first day of incapacity; or
3. Any period of incapacity due to pregnancy or prenatal care; or
4. Any period of incapacity or treatment due to a chronic, serious health condition, by or under

the supervision of a health care provider, involving two (2) or more visits to a health care provider per year or;

5. A period of incapacity that is permanent or long-term due to a condition of which treatment may be ineffective and that involves supervision of a health care provider or;
6. Any period of absence to receive multiple treatments by a health care provider either for restorative surgery after an accident or other injury or for a condition that would likely result in a period of incapacity of more than three (3) consecutive calendar days in the absence of medical intervention or treatment, such as most forms of cancer, heart attacks, conditions requiring surgery, strokes, severe arthritis, or back conditions requiring extensive therapy or surgery.

Non-Serious Health Conditions not Covered by FMLA

In the absence of complications or required inpatient hospitalization, the common cold, flu, earaches, upset stomachs, minor ulcers, headaches (*other than migraines*), routine dental or orthodontia problems, periodontal disease, and cosmetic treatments are not serious health conditions for the purposes of FMLA.

Definitions

Covered Active Duty - Any deployment of an Armed Service member to a foreign country under a call or order to active duty.

Covered Service Member - A current member or veteran of the Armed Forces, including a member or veteran of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness incurred in the line of duty; provided that, in the case of veterans, the medical treatment triggering the need for leave occurs within five (5) years of the veteran departing the Armed Forces. For the purposes of this definition, a serious injury or illness incurred in the line of duty includes the aggravation by a current member of the Armed Forces or existing or preexisting injuries. Furthermore, for the purposes of this definition, a serious injury or illness incurred in the line of duty by a veteran may manifest itself before or after the Armed Forces member becomes a veteran.

Outpatient Status - With respect to a covered service member, means the status of a member of the Armed Forces assigned to:

1. A military medical treatment facility as an outpatient; or
2. A unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients.

Next of Kin of Covered Service Member - The nearest blood relative other than the covered service member's spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered service member by *court* decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered service member has specifically designated in writing another blood relative as their nearest blood relative for purpose of military caregiver leave under the FMLA. When no such designation is made, and there are multiple family members with the same level of relationship to the covered service member, all such family members shall be considered the covered service member's next of kin and may take FMLA leave to provide care to the covered service member,

either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered service member's only next of kin.

Parent of a Covered Service Member - A covered service member's biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the covered service member. This term does not include parent "in-laws".

Son or Daughter - A biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age 18, or age 18 or older and "incapable of self-care because of a mental or physical disability" at the time that FMLA leave is to commence.

Son or Daughter of a Covered Service Member - A covered service member's biological, adopted, or foster child, stepchild, legal ward, or a child for whom the covered service member stood in loco parentis, and who is of any age.

Son or Daughter of Covered Active duty or Call to Covered Active-Duty Status - The employee's biological, adopted, or foster child, stepchild, legal ward, or a child for whom the associate stood in loco parentis, who is in the Armed Forces on active duty or called to active-duty status, and who is of any age.

Covered Family Member - A spouse, children, parents, grandparents, parents-in-law and stepchildren who reside with the employee for more than six (6) months each year.

Covered Military Member - The employee's, spouse, son, daughter, or parent on covered active duty or call to covered active-duty status. The term "*qualifying exigency*" includes:

1. Short-notice deployment;
2. Military events and related activities;
3. Childcare and school activities;
4. Financial and legal arrangements;
5. Counseling;
6. Rest and recuperation;
7. Post-deployment activities; and,
8. Additional activities, including events that arise out of the covered military member's covered active duty or called to covered active-duty status, provided that the College and employee agree that such leave shall qualify as an exigency and agree to both the timing and duration of such leave.

Serious Injury or Illness - In the case of a member of the Armed Forces, including a member of the National Guard or Reserves, means an injury or illness incurred by the member in line of duty on covered active duty in the Armed Forces that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating.

Employees Who Are Married to Each Other

The combined total FMLA leave of employees of the College who are married to each other may not exceed 12-work weeks during the applicable 12-month period if the leave is taken for the birth of a child or to care for the child after birth; for placement of a child for adoption or foster care or to care for the child after placement; or to care for a child with a serious health condition. This limitation does not prohibit either employee from taking additional FMLA leave for which he or she may be eligible, such as leave to care for a parent with a serious health condition or because

of a serious health condition of the employee.

The aggregate number of work weeks of service member Family Leave to which both a husband and wife may be entitled shall be limited to 26-work weeks during the single 12-month period if the leave is:

1. Service member Family Leave; or
2. a combination of service member Family Leave and leave described in the “*Reasons for Taking Leave*” section of this policy.

Intermittent Leave

FMLA leave may be taken intermittently or on a reduced leave schedule when medically necessary to care for a family member with a serious health condition or because of an employee’s own serious health condition or for service member Family Leave; or for Qualifying Exigency Leave. If an employee requires or is permitted to take intermittent leave or leave on a reduced schedule, the employee must try to schedule their leave so as not to disrupt the College’s operations. We may require the employee to transfer temporarily to an available alternative position (*including a part-time position*) for which the employee is qualified and which better accommodates recurring periods of leave than the employee’s regular position. Intermittent FMLA may not be taken for more than three (3) consecutive business/working days. Additional documentation may be required.

Designation of FMLA Leave

Leave taken for any purpose by an employee who is eligible for FMLA leave will be designated by the College as FMLA leave, even if the employee has not specifically requested FMLA leave. *FMLA leave will run concurrently with any paid leave and the employee must abide by our policies for taking paid leave.*

Scheduling

~~If an employee’s need for FMLA leave is foreseeable, the employee must provide the~~ The College must give the employee with at least 30 15-calendar days to provide the medical certification issued by the employee’s health care provider or the family member’s health care provider if seeking FMLA for a family member’s serious health condition, advance notice before the FMLA leave is to begin. If ~~30~~ 15-days advance notice is not practicable, for example, because the employee does not know when the leave will be required to begin, or in the case of changed circumstances or a medical emergency, notice must be given as soon as practicable. It should be practicable for the employee to provide notice either the same day as the need arises or the next business day, but the determination in such cases will consider the individual facts and circumstances of the case. Notice should be provided by the employee personally or by the employee’s spouse, an adult family member, or another responsible person if the employee is unable to provide notice personally. Notice must be received by Human Resources in writing.

When the need for leave is not foreseeable, the employee, or the employee’s spouse, an adult family member, or another responsible person, if the employee is unable to provide notice personally, must provide notice as soon as practicable under the facts and circumstances of the particular case. In such cases, the employee should notify their supervisor or Human Resources in writing as far in advance of the anticipated leave date as practicable, normally within two (2) business days of when the need for the leave becomes known to the employee.

The above two (2) types of notice provisions apply in the case of a Qualified Exigency Leave and leave required to care for a covered service member with a serious injury or illness.

Supervisors who receive notice from an employee that he or she needs leave that may qualify as FMLA leave are expected to contact Human Resources immediately. HR will make a determination of the employee's FMLA eligibility and the conditions of the employee's leave. If received by a supervisor, copies of all leave requests and medical certifications should be forwarded to Human Resources.

When planning medical treatment for which FMLA leave will be necessary, you should consult with your supervisor and make every reasonable effort to schedule your leave to not disrupt the operations of the College. This ordinarily should occur prior to scheduling treatment so that a treatment schedule that best suits the needs of both you and the College may be worked out. Employees who are out on FMLA leave are expected to check in periodically with Human Resources on their status and intent to return to work.

Compensation and Benefits

When an employee takes FMLA leave, he or she is required to apply any available leave time, such as sick leave, vacation, comp time, faculty leave, or bonus leave, toward their FMLA absence. Any FMLA leave that is not covered by long or short-term disability, workers' compensation, or any other available leave balances will be without pay.

The College will continue providing group health insurance coverage and continue paying its share of an employee's group health insurance premiums while the employee is out on FMLA leave (*whether paid or unpaid*). Coverage conditions are subject to any changes in the plan (*State Health Plan*) that take place during the leave. During FMLA leave, the employee is responsible for their share of the group health insurance premium. This amount will be deducted from the employee's paycheck during paid leave.

If the employee is on leave without pay, the employee's premium share must be paid to the College at the time it normally would be deducted from the employee's paycheck or as otherwise agreed between the employee and the College during any period of unpaid leave.

If the premium payment for the employee's share is more than 30-days late, the College may cease maintaining health insurance coverage (*after providing 15-days written notice that payment has not been received*) or may pay the employee's share and recover the amount paid from the employee. If the 15-day notice is provided and the employee fails to pay the employee's share of the premium prior to the specified date on which coverage will be dropped, the employee's health insurance may be terminated as of the end of the 30-day grace period. If an employee is unable to pay their portion of the group health insurance premium during FMLA leave, the College may, in its sole discretion, agree to pay the amounts owed by an employee to avoid a lapse of coverage. The employee will be required to reimburse the College for any premiums paid on their behalf, whether or not an acknowledgment is signed or submitted, and whether or not the employee returns to work.

Certifications

Initial Certification

At or soon after the time an employee indicates a need for FMLA leave, the College will require

the employee to furnish complete and sufficient medical certification from the employee's healthcare provider, the healthcare provider of the employee's family member, or the healthcare provider of the employee's covered service member, as applicable, by completing and submitting a Certification of Health Care Provider form provided by the College or certification in another form acceptable to the College, attesting to the nature of the serious health condition, probable length of treatment, and reasons the employee is required to care for their family member.

In the case of leave being taken to care for a covered service member, the employee must obtain complete and sufficient medical certification completed by an authorized health care provider of the covered service member. The following healthcare providers may complete such a certification: A United States Department of Defense (*DOD*) healthcare provider, a United States Department of Veterans Affairs (*VA*) healthcare provider, a DOD TRICARE network authorized private healthcare provider, or a DOD non-network TRICARE authorized healthcare provider.

In cases of an employee's own serious health condition or the serious health condition of a family member, an appropriate member of the College's Human Resources department (*but not the employee's direct supervisor*) may contact the healthcare provider for purposes of clarification and authentication of any medical certification (*or recertification*) after the employee who has been given reasonable opportunity to cure any deficiencies fails to do so. Failure to provide complete and sufficient medical certification may result in a delay of FMLA leave. The College reserves the right to request a second or third medical opinion at its expense. The College will reimburse the employee for reasonable out-of-pocket travel expenses incurred in connection with obtaining a second or third medical opinion. Documentation of these expenses (*receipts, mileage information, etc.*) should be provided to Human Resources.

Recertification

The College may require an employee to provide complete and sufficient medical recertifications every 30-days unless the duration of the condition is projected to be longer than 30-days, in which case recertification may be required when the minimum duration expires. The College reserves the right to request complete and sufficient recertification in less than 30-days if the employee requests an extension of leave, if the circumstances described by the previous certification have changed significantly, or when the college receives information that casts doubt upon the employee's stated reason for the absence or the continuing validity of the certification. In any event, the College may request complete and sufficient recertification every six (6) months.

Return to Work Certification

As a condition of returning to work after FMLA leave due to an employee's own serious health condition, the College requires the employee to present a complete and sufficient return to work certification from the employee's health care provider. The return-to-work certification must indicate that the employee is capable of returning to work and performing the essential functions of their position, with or without reasonable accommodation. Costs associated with any return-to-work certification will be at the employee's expense and the employee is not entitled to be paid for the time or travel costs spent in acquiring such certification.

Certification for Leave Due to Covered Active Duty or Call to Covered Active Duty of Covered Military Member

In the case of “qualified exigency leave” arising out of a covered active duty or call to covered active duty status of a “covered military member” defined in the Definitions Section above, an employee must supply a copy of the covered military member’s covered active duty orders or other documentation issued by the military indicating that the covered military member is on covered active duty or has been called to covered active duty status, and the dates of the covered military member’s covered active duty service. This information need only be provided once. A copy of new covered active-duty orders or other documentation issued by the military shall be provided if the need for leave because of a qualifying exigency arises out of a different covered active duty or call to covered active duty of the same or a different covered military member. In every case, the employee must provide a complete and sufficient certification.

Certification for Leave Due to Other Qualifying Exigencies

For “qualifying exigency” leave defined in the Definitions Section of the Handbook other than a covered active duty or call to covered active-duty status, the employee must provide the College with a complete and sufficient certification in the form of a signed written statement or description of the appropriate facts regarding the qualifying exigency for which FMLA leave is requested, supported by any available written documentation. The facts provided must be sufficient to support the requested leave. In addition to the facts and supporting documentation, a complete and sufficient certification must contain the approximate date on which the qualifying exigency has commenced or will commence and, if the leave requested is because of a qualifying exigency over a single, continuous period of time, the beginning and end dates of such absence. If the leave requested is because of a qualifying exigency that will occur on an intermittent or reduced schedule basis, an estimate of the frequency and duration of the qualifying exigency must be provided. If the qualifying exigency involves a meeting with a third party, the employee must include in the written statement the appropriate contact information for the individual or entity with whom the employee is meeting and a brief description of the purpose of the meeting, which the College, at its sole discretion, may choose to verify.

Premium Charges

Failure to Return from Leave (or returns but fails to stay 30-calendar days).

In the event that an employee elects not to return to work or returns but fails to stay at least 30-calendar days upon completion of an approved paid and/or unpaid leave of absence, Cape Fear Community College may recover the cost of any payments made to maintain the employee's benefit coverage, unless the failure to return to work is due to the continuation, recurrence, or onset of a new serious health condition that would entitle the employee to leave under the FMLA or was for reasons beyond the employees’ control. Decisions to remain with a family member who no longer requires the employee’s care or to remain at home following the birth or placement for adoption or foster care of a child who does not have a serious health condition will not be considered a reason beyond the employee’s control.

Job Restoration

It is expected that, following an FMLA absence, the employee will return to work. As a general rule, when an employee returns to work following FMLA leave, the employee will be restored to the same position that the employee held prior to the beginning of leave or to an equivalent position

with equivalent benefits, pay, and other terms and conditions of employment. The continuation of benefits upon the employee's return from FMLA leave will be subject to any plan changes in benefits that may have taken place during the period of FMLA leave.

Questions and Employer's Response to Request for FMLA Leave

Employees are encouraged to direct any questions about their rights under FMLA to Human Resources. Upon request, Human Resources will provide an employee with the publication, *Notice of Your Rights under the Family and Medical Leave Act*. An employee shall be informed of the College's decision on requested FMLA leave within five (5) business days of their request and submission of complete and sufficient medical certification when required under this policy.

8.17 Students with Disabilities

The rights of students with disabilities are outlined in Section 504 of the 1973 Rehabilitation Act and the Americans with Disabilities Act (ADA). Section 504 is a Federal Civil Rights Law that prohibits discrimination against individuals with disabilities.

Section 504 states no otherwise qualified handicapped individual in the United States shall, solely by reason of his handicap, be excluded from the participation in, be denied the benefits of, or be subjected to, discrimination under any program or activity receiving federal financial assistance.

The Americans with Disabilities Act (ADA) of 1990 and ADA Amendments Act of 2008 expand the scope of institutional and service provider responsibility for providing reasonable accommodations to people with disabilities. The ADA is a civil rights statute that promises equal access to opportunities for persons with disabilities. A "person with a disability," as defined by law, is someone who has a physical or mental impairment that substantially limits one (1) or more major life activities. To ensure equal opportunity for every student, both physical and programmatic access must be provided. This goes beyond removing architectural barriers or offering auxiliary services—it also includes making reasonable accommodations within the instructional process.

~~Duplicate of above—The Americans with Disabilities Act (ADA) of 1990 and ADA Amendments Act of 2008 expand the scope of institutional and service provider responsibility for providing reasonable accommodations to people with disabilities. The ADA is a civil rights statute that promises equal access to opportunities for persons with disabilities. A "person with a disability," as defined by law, is someone who has a physical or mental impairment that substantially limits one or more major life activities.~~

~~Students with disabilities are a rapidly growing minority at Cape Fear Community College, as elsewhere in American higher education. To ensure equal opportunity for all students, both physical and programmatic access must be provided. This means more than the removal of architectural barriers and the provision of auxiliary services. It means that reasonable accommodations must also be made in the instructional process.~~

Cape Fear Community College supports faculty who, in cooperation with Student Accessibility Services, provide authorized accommodations and support services in a timely manner for students with disabilities. Students with disabilities are not required to disclose their disabilities or register with Student Accessibility Services. However, when requesting specific accommodations, they are required to submit supporting documentation and register with Cape Fear Community College Student Accessibility Services to determine appropriate accommodations.

(From 8.18) Faculty are encouraged to make an announcement at the beginning of the semester inviting students with disabilities to schedule appointments to discuss accommodations. If the student brings a disability issue to the attention of the instructor and is not registered with Student Accessibility Services, please instruct the student to contact Student Accessibility Services in order to request services. Instructors should not ask a student if he or she has a disability.

Student Accessibility Services (SAS) is committed to providing support to students with disabilities (i.e. physical, mental, learning, vision, or hearing) and works with all areas of the college to ensure that programs, facilities, and activities are accessible to all students. For dual enrolled students please note that high school accommodations do not automatically transfer to the college setting. Students who have a disability and would like accommodations must register with the SAS office at 910-362-7017 or sas@cfcc.edu.

Faculty do not have the right to refuse to provide required accommodations or to question whether a disability exists in accordance with the ADA. However, faculty are encouraged to ~~have input into the means for providing accommodations~~ collaborate with the Office of Student Accessibility Services regarding the means to provide accommodations in their particular classes. ~~A student with a disability must be able to understand the material and communicate that understanding to the instructor. Support services~~ Reasonable accommodations give the student the opportunity to ~~achieve that outcome~~ access the course without altering the fundamental nature of the course or program.

If a faculty member has questions about the appropriateness of a required accommodation, he or she should not address concerns with the student but should consult with the Student Accessibility Services Office. Faculty should always require students to submit a current Accommodations Letter from Student Accessibility Services before providing any accommodations. Faculty should be discrete when discussing disability issues with students. Faculty should not address any disability-related issue in front of a student's classmates.

If the student brings a disability issue to the attention of the instructor and is not registered with Student Accessibility Services, please instruct the student to contact Student Accessibility Services in order to request services. Instructors should not ask a student if he or she has a disability. All instructors will include a statement on their class syllabus/essential class information that informs students how they may request accommodations from Student Accessibility Services. Instructors will refer to the guidelines provided for such statements at Student Accessibility Services.~~

8.19 18 Accessibility of Instructional Content

Instructors who teach online or hybrid/web-assisted classes and/or provide information via web pages or through the College's LMS have a responsibility to ensure that their instructional content is accessible to students with disabilities. ~~Instructors who use films and videos in their classes must make sure those films and videos are accessible to students who have hearing or vision loss. ~~and videos must be captioned for students who are deaf or hard of hearing, and any video or film with subtitles must be made audible for students with vision loss.~~

Faculty are required to ensure that all course materials comply with WCAG 2.1 AA standards. This includes digital content, documents, multimedia, and any instructional materials provided to students. ~~Please contact Student Accessibility Services for assistance with accessibility issues.~~

CURRICULUM COMMITTEE

PROPOSED PROGRAM

Health Sciences

This curriculum is designed to prepare students for success in healthcare by providing a strong foundation in courses essential for health practice while offering opportunities to earn stackable credentials in relevant healthcare roles. Coursework includes the use of current healthcare technologies, specialized health science competencies, and training within interdisciplinary teams while offering opportunities to earn stackable credentials that support career advancement in a healthcare setting. Graduates will demonstrate professional standards, apply both discipline-specific and general education skills, and possess the academic preparation needed for career growth or further study in advanced health science programs.

This program is intended to be a replacement for all our “pre-majors” for our selective admission health science programs, i.e., Nursing, Sonography, etc.

PROGRAM TERMINATIONS

Sustainability Technologies

CFCC previously received a one-year extension from the North Carolina Community College System for this program. However, due to the absence of enrollment over the past several years, it is now recommended for termination. Sustainability-related courses will continue to be offered within the Construction Management and Electrical Systems programs.

Emergency Management

Due to consistently low enrollment, limited student demand, and minimal employment opportunities specific to this degree, it is recommended that the program be terminated. Students interested in this field may pursue the Public Safety Administration – Emergency Management track, which has established university articulation agreements. Most employers in this career path require a bachelor's degree.

ADMINISTRATIVE AND PERSONNEL COMMITTEE

STUDENT HANDBOOK PROPOSED POLICY

Leon's Law Policy – Access to Education Records for Minor Students

In accordance with Session Law 2025-46 (House Bill 378), also known as Leon's Law, and the Family Educational Rights and Privacy Act (FERPA), Cape Fear Community College (CFCC) provides parents or legal guardians of minor students (under age 18) access to the student's education records, regardless of the student's consent, if the student is a dependent.

This policy applies to all minor students, regardless of program or course type, including Curriculum, Career and College Promise (CCP)/Dual Enrollment, Continuing Education, College and Career Readiness, Occupational Extension, Community Enrichment, and Adult Education/Basic Skills. This policy **does not** apply to students who are 18 or older, even if they are claimed as a dependent on a tax return.

Acknowledgment Requirement

Minor students and their parents, or legal guardians, must complete the Leon's Law Acknowledgment Form prior to registration. The form confirms that:

1. Parents or guardians will have access to the minor's education records to the extent permitted by FERPA.
2. High school administrators and counselors will have access to records for dually enrolled students.
3. Parental access does not require student consent.

If a student does not complete and sign the acknowledgment form, they will not be permitted to enroll in college courses.

Dependency Verification

CFCC will require documentation verifying dependency (e.g., the relevant page of the parent's most recent federal tax return or other acceptable proof) before releasing records.

Access to Records

Education records will be provided within a reasonable period, not to exceed 45 calendar days following a written request submitted to the Registrar's Office, with dependency verification attached.

Form Renewal

The acknowledgment form only needs to be completed once and will remain valid until the student turns 18 years old.

STUDENT HANDBOOK POLICY REVISIONS

Tuition Refund Appeal Procedure

Tuition refund appeals must be in writing and are reviewed by the Sr. Vice President for Student Services and appropriate area staff (in direct consultation with the Business Office). Appeals that do not represent a sound basis for reimbursement will be denied.

Written notification of approval/denial of appeals normally occurs within two weeks. The decision of the Sr. Vice President of Student Services shall be final with no further appeals.

~~If a tuition refund appeal is denied by the Sr. Vice President of Student Services, a second-level appeal may be initiated by a student in writing. The Executive Vice President (or designee) conducts the second-level review. The Executive Vice President (or designee) will respond to a second-level appeal in writing within 10 working days. The decision made at the second level is final. Should an appeal be approved, Cape Fear Community College will promptly refund tuition and/or cancel a financial charge from a student's account.~~

Submitting an Appeal

Tuition refund appeals will not be considered unless the student has officially withdrawn from the course(s) in question. Students receiving financial aid should consult with the Financial Aid Office prior to withdrawal to determine the potential impact on future financial aid eligibility and/or any balance that may result if the student withdraws from all courses prior to the 60% point of the term. ~~Tuition refund appeals will not be considered unless the student has officially withdrawn from the class(es). Students who are receiving financial aid should check with the Financial Aid Office prior to withdrawal to determine what effect this action may have on future financial aid eligibility and/or balances that may be owed if students withdraw from all classes before the 60% point.~~

All tuition appeals must be in writing and submitted with supporting documentation to the Sr. Vice President for Student Services no later than fifteen (15) workdays after the start of the subsequent school term.

Tuition appeals may generally be approved for the following reasons (as long as the appropriate written supporting documentation is provided).

1. Extended incapacitation/hospitalization of the student (which caused the student to miss 20 percent or more of scheduled instruction) documented by a physician's statement on the doctor's official letterhead (copies of the student's medical records will not be accepted). This must be an unscheduled medical emergency diagnosed after the last day to drop for a tuition refund. The physician's letter (on his/her letterhead) must include the date the student was first seen for the medical condition, as well as the beginning and end date the student was incapacitated/hospitalized, and must state that the student was physically unable to participate in classes during this period of time. ~~A letter that does not specifically state, "the student was physically unable to attend classes" will not be grounds to approve an appeal.~~

2. Extended incapacitation/hospitalization or death of a student's immediate family member (which caused the student to miss 20 percent or more of the scheduled instruction) – verified with appropriate documentation. Immediate family is defined as father, mother, spouse, child, sibling, stepfather, stepmother, stepchild, stepbrother or step sister.
3. Administrative difficulties with internships, placements or practicums involving the single enrollment of a student with supporting material from a placement official.
4. Late notifications of denial to a specific degree program with supporting documents.
5. Institutional errors by CFCC that cause the delay of administrative processes relative to registration or the delivery of financial aid funds.
6. *Other items may be considered with valid supporting documentation and/or evidence.

Tuition appeals will not be approved in the following instances:

1. Personal errors in judgment or irresponsibility involving transportation, availability of finances, academic ability, time management, etc.
2. Misinterpretation or lack of knowledge of college policies and procedures as published in the CFCC Catalog & Student Handbook or CFCC Schedule of Classes.
3. Dissatisfaction with course content; issues concerning academic instruction must be addressed with the appropriate Department Chair and/or Academic Dean.
4. Dissatisfaction with academic progress in course(s).
5. Non-attendance or minimal attendance of class.
6. Inadequate investigation of course requirements prior to registration and attendance.
7. Non-qualification, late application, or loss of eligibility for financial aid or scholarship.
8. Non-receipt of mail or electronic mail due to obsolete address on file with the Registrar's Office.
9. Changes of, or personal conflicts with, the instructor of record.
10. Student error resulting in the delay of administrative processes relative to registration or the delivery of financial aid funds.
11. Voluntary/involuntary acceptance of employment or other activity affecting the ability to attend class. (i.e. work schedule/hours changed; lack of childcare; vacation).
12. Incarceration in a civilian or military facility.
13. Other reasons not already specified.
