

# FALL 2021

CAPE FEAR  
COMMUNITY  
COLLEGE  
HEALTH  
SCIENCES

## PHARMACY TECHNOLOGY DIPLOMA

### Application Period

January 20 - May 20, 2021  
or until filled

Minimum requirements  
are subject to change  
each academic year.

**PHARMACY TECHNOLOGY DIPLOMA PROGRAM**  
**(This program has an AAS option upon completion)**  
**Selective Admission Process**

**Application Period: January 20, 2021 through May 20, 2021 (or until filled)**

***MINIMUM REQUIREMENTS ARE SUBJECT TO CHANGE EACH ACADEMIC YEAR.***

**Special Note from the Dean of Health Sciences office:**

*Due to the evolving effects of the COVID-19 crisis, the below described Fall 2021 selection processes to CFCC's health sciences are subject to change. If any changes arise involving CFCC's ability to adhere to the information below, CFCC will reserve the right to make adjustments and will make every effort to communicate these to the applicants in a timely manner.*

The Pharmacy Technology curriculum, **a full-time day curriculum**, prepares individuals to assist the pharmacist in duties that a technician can legally perform and to function within the boundaries developed by the pharmacist and the employment agency.

Beginning in 2020, the Pharmacy Technician Certification Board (PTCB) will require formal education and training from an accredited program before applicants take the certification exam. This means that students desiring national certification **MUST** enroll in a training program. We are proud to boast a 100% pass rate from Cape Fear Community College students on the PTCB exam!

Graduates will maintain inventories, patient records, and clerical requirements of third party and regulatory agencies. In addition, graduates will perform all aspects involved with the filling of prescriptions and institutional orders including: interpreting physician's orders, compounding non-sterile and sterile formulations, packaging, labeling and billing.

Graduates may be employed in hospitals, nursing homes, private and corporate community pharmacies, research laboratories, wholesale drug companies, and pharmaceutical manufacturing facilities. Median pay for pharmacy technicians was \$16.95/hour in May 2019 ([www.bls.gov](http://www.bls.gov)). Graduates will qualify and are encouraged to take the National Certification Examination developed by the Pharmacy Technology Certification Board.

In 2018, CFCC's Pharmacy Technology program was recognized as an official sterile compounding education/training program by the PTCB. PTCB now offers an advanced credential for pharmacy technicians skilled in the area of sterile compounding and aseptic technique. Requirements to become a Certified Compounded Sterile Preparation Technician (CSPT) include: PTCB certification, passing sterile compounding board exam, letter of attestation from employer, and work experience. *Graduating from CFCC's Pharmacy Technology program shortens the work experience requirement from 3 years in the sterile compounding field to just 1 year!* More information can be found at <https://www.ptcb.org/get-certified/cspt#.W1c5JPIKiUk>

Cape Fear Community College's Pharmacy Technology Program is accredited by the American Society of Health System Pharmacists (ASHP), 7272 Wisconsin Avenue, Bethesda, Maryland, 20814, (301) 657-3000, [www.ashp.org](http://www.ashp.org).

**APPLICATION PROCESS**

**It is the Pharmacy Technology applicants' responsibility to ensure that all requirements are met by the established deadline. Pharmacy Technology deadlines, guidelines, and policies apply equally to all**

**students; thus there can be no exceptions.**

Admission to any and all educational programs offered by Cape Fear Community College is made without regard to race, color, sex, national origin, gender identity, sexual orientation, disability, veteran status or other irrelevant factors.

**The Pharmacy Technology Diploma program at CFCC requires a separate application as it is selective admission. Students must meet minimum requirements and complete an “Intent to Apply” during the application period. This is done electronically and can be accessed at the program website: [www.cfcc.edu/pharmacy-technology](http://www.cfcc.edu/pharmacy-technology).**

Prior to completing the “Intent to Apply”, prospective students must first complete the steps to be accepted for general admission to Cape Fear Community College. These steps are:

1. Complete the CFCC General Admission Application, which includes the Residency Determination Application. For students that have applied to or have taken classes at CFCC before, their application has to be active. If students have not attended classes at CFCC for one year or longer they must reapply and be accepted prior to filing an Intent.
2. Request official transcripts from a regionally accredited high school/High School Equivalency agency and any colleges attended. High school/High School Equivalency transcripts must indicate the date graduated. Official transcripts are those received either electronically, by mail or by hand delivery to CFCC in the original, sealed envelope from the awarding institution or agency. North Carolina public high school graduates may request their official high school transcripts be sent electronically to the Admissions Office via the College Foundation of North Carolina (CFNC) website at [www.cfnc.org](http://www.cfnc.org). Home schooled students must submit a copy of the home school’s approved registration from the state in which they are registered (if applicable), and a home school transcript with graduation date.
3. Request official transcripts from **all** colleges or schools attended since high school. Transcripts should be mailed or electronically sent to the Admission and Records Office. This will be reviewed for possible transfer credit.

Once accepted into CFCC, students will need to meet the minimum requirements listed below and then complete/file an “Intent to Apply” electronically:

1. Applicants must meet minimum English and Math requirements. Any parts of the criteria below can be combined to meet the requirements. ***Official transcripts and/or test scores are required.***
  - An Associate’s Degree or higher.
  - An Unweighted High School GPA of 2.8 or higher regardless of graduation year.
  - Completion of English Composition I or higher (or its equivalent; ENG-111 in the North Carolina Community College common course library) and Quantitative Literacy or higher (or its equivalent; MAT-143 in the North Carolina Community College common course library) with a grade of “C” or better at a regionally accredited college. (Note: if both requirements are met via CFCC transfer credit, then skip to bullet no. 2 on pages 3-4).

- Successful completion of Developmental (Transitional) English and Math classes at a North Carolina Community College (only) that would allow placement into English 111 and Math 143 without co-requisites.
- Completion of an NCDAP, Accuplacer (Classic, not Next Gen.), RISE, or COMPASS Placement Test with English and Math placement into English 111 and Math 143 without co-requisites, regardless of completion date.

	NCDAP Placement Test	Accuplacer Classic (Not Next Gen.)	RISE PT	COMPASS
ENGLISH	English Composite score of 151	Reading Comprehension and Sentence Skills combined score of 166	Score of 70 in Tiers I and II	Reading + Writing= 151
MATH	Score of 7 in DMA Modules 10-50	Arithmetic score of 55 AND Elementary Algebra score of 55	Score of 70 in Tiers I and II	Pre-Algebra= 47 AND Algebra= 40

- ACT or SAT English and Math scores that would allow placement into English 111 and Math 143 without co-requisites (see charts below).

	ACT After 03/2014	ACT 2012-02/2014	ACT 2010-2011
ENGLISH	English Score is 18+ <b>OR</b> Reading Score is 22+	English Score is 18+ <b>OR</b> Reading Score is 21+	English Score is 22+ <b>OR</b> Reading Score is 22+
MATH	Math Score is 22+	Math Score is 22+	Math Score is 22+

	SAT After 03/2016	SAT 2012-03/2016	SAT 2010-2011
ENGLISH	Evidence Based Reading/Writing Score is 480+	Critical Reading Score is 500+ <b>OR</b> Writing Score is 500+	Reading Score is 510+ <b>OR</b> Writing Score is 510+
MATH	Score of 530+	Score of 500+	Score of 510+

Other tests: **GED Diploma 2014-present:** Score of 165+ in all 4 subject areas (*Official GED Transcript is required to be sent to CFCC*).

**HiSet Diploma:** Score of 15+ on all 5 subject areas AND a score of 4 on Essay (*Official HiSet Transcript is required to be sent to CFCC*).

Any placement tests may have been taken only twice within twelve (12) consecutive months. If an applicant has tested more than twice in twelve consecutive months, only the first two attempts will be considered in the application process. Placement test scores which violate the testing policy will be disregarded.

If a Placement Test has been taken at another community college, it is the student's responsibility to ensure that an official copy of the scores are received by Cape Fear Community College prior to the application deadline.

Accommodations for testing due to a documented disability may be made with the Disability Support Services office in the Union Station Building (U-218) or call (910) 362-7012 or (910) 362-7158.

2. **Students must have an overall GPA of 2.0 or higher in all post-secondary coursework completed at Cape Fear Community College.** After an "Intent to Apply" has been filed, the student must maintain a

minimum GPA of 2.0 to enter the program in the fall. If the student's CFCC GPA is below 2.0 and they have not been enrolled in CFCC for three consecutive years, they may be eligible for *Academic Forgiveness* (see 2020 – 2021 catalog).

### 3. FILE "INTENT TO APPLY" (Note: Changes for 2021)

An "Intent to Apply" for the Pharmacy Technology Diploma Program may be completed **ONLINE** during the application period of January 20, 2021 through May 20, 2021 or until filled. Students must visit the programs' website ([www.cfcc.edu/pharmacy-technology/](http://www.cfcc.edu/pharmacy-technology/)), study the instructions, and click on the "File My Intent" button to proceed. Students must make sure to complete all required fields/areas all the way to the end and then submit the form. If the "Intent" is successful, i.e. all eligibility requirements are met, the student will receive an e-mail with "The Next Steps" in their CFCC e-mail account. Applicants must file the "Intent to Apply" prior to the end of the application period. Students who file an "Intent to Apply" and do not meet the minimum requirements will receive an e-mail addressing the missing items. Once eligible, they may re-file their "Intent" as long as it is prior to the end of the application period.

"Intent to Apply" Checklist for the Pharmacy Diploma Program:

- Admitted to CFCC (by Admissions) or that application status is active
- Official high school transcript is on file at CFCC
- Official college/university transcripts (if applicable) are on file at CFCC
- Overall GPA at CFCC of 2.0 or higher (criteria waived if student do not have an established GPA at CFCC)
- Meet English and Math eligibility (see pages 2-3)

**NOTE:** If eligible, a student may file an "Intent to Apply" into multiple health science programs. If selected into more than one, the student is required to commit to the program of choice by the deadline stated in the correspondence sent by the Health Science Enrollment Center. Failure to do so in writing will result in the loss of the seat.

NOTE: Depending on the health science program neither federal law nor North Carolina law permits undocumented individuals or those with DACA (Deferred Action for Childhood Arrivals) classification to receive professional licenses. See 8 U.S.C. § 1621(a) and (c)(1)(A). This does not prevent a DACA student from enrolling in a Health Science program but may prohibit the student from receiving a professional license. If students have any questions about eligibility for professional licensure, please contact the professional organization's website.

## **PHARMACY TECHNOLOGY SELECTION PROCESS**

Applicants to the Pharmacy Technology program are selected on a "best qualified" basis. **ALL documents needed for points must be on file at CFCC on or prior to the application deadline. No points will be awarded for documentation received after the application deadline.** The point system was implemented as an objective means for evaluating Pharmacy Technology applicants. Applicants must file the "Intent to Apply" on or prior to the last day of the application period.

Applicants will be ranked based upon points earned, and the sixteen (16) students with the highest number of points will be selected each year. If two or more students have the identical point count total, the date and time that the "Intent to Apply" form was successfully submitted (i.e. eligibility criteria were met) will be the determining factor.

## 1. Points for Information Sessions

Five (5) points will be awarded for attending an Information Session, which **will be held virtually**. **Links to the sessions are listed on the Pharmacy Technology webpage at [www.cfcc.edu/pharmacy-technology](http://www.cfcc.edu/pharmacy-technology). Points will not be awarded for late arrival or if students leave the information session early.**

Information Session dates:

Wednesday, February 3, 2021	5:00 pm – 6:00 pm
Friday, February 26, 2021	5:00 pm – 6:00 pm
Wednesday, March 3, 2021	5:00 pm – 6:00 pm
Friday, March 26, 2021	5:00 pm – 6:00 pm
Wednesday, April 7, 2021	5:00 pm - 6:00 pm
Friday, April 30, 2021	5:00 pm – 6:00 pm

## 2. Points for Grades Earned

If the applicant is currently a high school senior with a 3.5 or higher GPA (unweighted), he/she is eligible for sixty (60) points, if the high school student has not completed college course work that contributes to the point count for this program. Note: A student will not get points for both a 3.5 (unweighted) high school GPA and college courses. Points will be awarded for one or the other, whichever is highest.

College courses taken with a grade of “C” or better will earn the applicant points. (For point distribution, refer to the attached point count worksheet).

NOTE: To receive points for courses listed on the point count, the courses must be completed before the application deadline.

**SPECIAL NOTE:** BIO 163 and/or BIO 168 & BIO 169 (or its equivalent) must have been taken in the last five (5) years of the start date of the Pharmacy Technology Diploma program. Only the first attempt with a letter grade of “C” or better will be considered for the point count.

### Calculation of Total Points

The applicant’s total points are calculated using attendance at information sessions and academics (completed course work). Please refer to the point count sheet for details.

All applicants will receive a point count for review via e-mail **after the application deadline and after all point counts are completed**. Applicants will receive a copy of their point count from the Health Science Enrollment Center via email early summer 2021, including instructions on how to agree or recheck the total point count. **APPLICANTS WHO FAIL TO RESPOND TO THE REQUEST TO REVIEW THEIR POINT COUNT WILL WAIVE THEIR RIGHT TO CONTEST THEIR POINT TOTALS.** *Applicant’s point counts are confidential; to protect the student’s privacy, point count totals can only be discussed with the applicant.*

Pharmacy Technology applicants who are selected will be conditionally accepted in the program pending the submission and review of a favorable medical history form provided by Cape Fear Community College.

**Acceptance into the program is for Fall 2021. Students that decline their seat will need to reapply for future admission.**

## NOTIFICATION PROCEDURE

**Sixteen (16)** new students may be admitted to the Pharmacy Technology program in the fall semester. Students whose status is “alternate” are admitted to the program only if someone who was originally accepted declines the offer of admission, or if someone who was originally accepted becomes disqualified (refer to disqualifying factors). If the student did not meet minimum requirements, was not accepted, or declined admission, he/she must re-apply the following year.

**The 16 selected students will be notified when to complete the following information:**

### 1. Medical Reports

All completed health/medical reports must be received by specified date noted during orientation. This physical history must include a negative 2-step TB skin test within the last year (chest x-ray if positive reaction), immunization record consisting of: 2 MMR vaccines or positive antibody titers, proof of Tetanus vaccine within the last ten years, proof of a Tdap (Tetanus-diphtheria-acellular pertussis) booster, and a proof of Varicella (Chicken Pox)- either showing documentation of two Varicella vaccines or titer OR disease date as indicated on immunization records form. Influenza (flu vaccine) is required in the fall prior to pharmacy clinicals in order to participate in the clinical portion of the program. Hepatitis B vaccine (optional) is strongly encouraged by the program faculty. Associated fees will be the responsibility of the student. Failure to complete the required physical history and all required immunizations will prevent students from participation in the clinical portion of the program. Failure to complete clinicals results in dismissal from the program. Additional information will be disseminated by the Program Director at the time of the orientation.

### 2. Drug Screen

A **twelve (12)** panel urine drug screen is **mandatory**. Associated fees will be the responsibility of the student. Methadone will be included in the urine drug screen. Testing positive on the drug screening, or evidence of tampering with a specimen, will disqualify a student from participation in the clinical portion of the program. Failure to complete clinicals results in dismissal from the program. *A drug screening is required but students **must** wait until thirty (30) days prior to beginning clinical rotations. If students have the drug screening completed too early, it will need to be repeated which will be an additional medical expense.* For further information, students should see the “Drug and Alcohol Policy” in the CFCC Student Handbook. Additional information will be disseminated by the Program Director at the time of the orientation.

### 3. Background Check

Clinical sites require a criminal background check prior to allowing students into the clinical setting. Associated fees will be the responsibility of the student. Certain criminal activity, as evident by a criminal background check may also disqualify a student from participation in the clinical portion of the program. Failure to complete clinicals results in dismissal from the program. Cape Fear Community College will not accept the background checks. It is the student’s responsibility to hold this report for the clinical site if needed. Additional information on how and when to complete the criminal background check will be disseminated by the Program Director at the time of the orientation.

\* Please be aware that failure to participate in a clinical assignment based on an incomplete medical history and immunization form, evidence of prior or current drug use from the drug screening or evidence of prior or current

criminal activity from the background check will result in dismissal from the Pharmacy Technology Program.

#### **4. Basic Life Support (BLS) Certification**

As part of the ASHP Accreditation Standard for pharmacy technician training programs, students will be required to be certified as Basic Life Support (BLS) Healthcare providers (ASHP Goal 38). Arrangements will be made during the spring semester for each student to complete the training and skills assessment on the CFCC campus at a cost of \$35.00 and is the responsibility of the student. Students who are already certified providers will be exempt from the training as long as a valid certification card is provided prior to the training. Additional information will be disseminated by the Program Director at the time of the orientation.

#### **PROGRESSION POLICY**

Students admitted to the Pharmacy Technology program must achieve a “C” in each course in the curriculum in order to progress semester by semester. Students must also be at least eighteen years of age at the time of graduation from the program.

#### **Grading Policy**

A	Excellent	92-100
B	Good	84-91
C	Average	76-83
D	Poor	68-75

The Pharmacy Technology Department feels that attitudes and actions demonstrate a student’s ethics; therefore, it is the department policy that a student will receive a grade of “F” in a course for cheating in a lecture class, falsifying information on class or clinical settings documentation, and/or unprofessional behavior. An “F” will prohibit a student from continuing in the Pharmacy Technology Program.

#### **CERTIFICATION PROCEDURE**

Certification is the process by which a non-governmental association or agency grants recognition to an individual who has met certain predetermined qualifications specified by that association or agency. The goal of Pharmacy Technician Certification Board (PTCB) program is to enable pharmacy technicians to work more effectively with pharmacists to offer greater patient care and service. PTCB is responsible for the development and implementation of policies related to national certification for pharmacy technicians.

The applicant must have received a high school diploma, a High School Equivalency, or the foreign equivalent by the application deadline and have **never been convicted of a felony to sit for the PTCB Examination**. The cost of the PTCB Exam is **\$129.00** and is the responsibility of the student.

(Above information adapted from the Pharmacy Technician Certification Board’s website and will undergo a major change in 2020: [www.ptcb.org](http://www.ptcb.org).)

#### **REGISTRATION PROCEDURE**

Pharmacy Technicians must register with the North Carolina Board of Pharmacy in order to practice in North Carolina. In order to become registered as a technician in North Carolina the law requires that an applicant shall present to the Board of Pharmacy satisfactory evidence that the applicant:

1. holds a high school diploma or equivalent or is currently enrolled in a program that awards a high school diploma;
2. is employed by a pharmacy holding a valid in-state pharmacy permit;

3. completes a training program approved by the supervising pharmacist-manager that includes: pharmacy terminology, pharmacy calculations, dispensing systems and labeling requirements, pharmacy laws and regulations, record keeping and documentation, and the proper handling and storage of medications.

OR

Holds a current pharmacy technician certification issued by the Pharmacy Technician Certification Board (PTCB).

The cost of registering in NC is \$30/year and there is an annual renewal fee of \$30/year.

### **PHARMACY TECHNOLOGY AAS OPTION**

This one-year diploma can lead to a two year Associate in Applied Science degree with an additional year of coursework. For details, please contact the Program Director, Ms. Kasey Price, at [klprice328@mail.cfcc.edu](mailto:klprice328@mail.cfcc.edu).

## PHARMACY TECHNOLOGY CURRICULUM

### FALL SEMESTER

### CREDITS

PHM 110	Introduction to Pharmacy	3
PHM 111	Pharmacy Practice I	4
PHM 115	Pharmacy Calculations	3
PHM 115A	Pharmacy Calculations Lab	1
BIO 163	Basic Anatomy & Physiology	5
CIS 111	Basic PC Literacy	2
Or		
CIS 110	Introduction to Computers	3
	<i>Total</i>	<u>18/19</u>

### SPRING SEMESTER

PHM 118	Sterile Products	4
PHM 120	Pharmacology I	3
PHM 136	Pharmacy Clinical	6
PSY 118	Interpersonal Psychology	3
Or		
PSY 150	General Psychology	
	<i>Total</i>	<u>16</u>

### SUMMER SEMESTER

PHM 125	Pharmacology II	3
PHM 140	Trends in Pharmacy	2
PHM 133	Pharmacy Clinical	3
PHM 165	Pharmacy Professional Practice	2
ENG 111	Writing & Inquiry or Expository Writing	3
	<i>Total</i>	<u>13</u>

*Program Total*      47/48

### RESOURCES/ASSISTANCE

For questions or concerns regarding the selective admission process, please contact a staff member of the Health Science Enrollment Center in Union Station Building (Room U-297) at the Wilmington Campus; [healthsciences@cfcc.edu](mailto:healthsciences@cfcc.edu); 910-362-7139.

## TUITION & FEES

Payment methods: cash, check, money order, VISA, MasterCard, American Express, Discover, financial aid, payment plan or third (3<sup>rd</sup>) party sponsorship. All forms of payment must be received by the Business Office to be officially registered.

Tuition is established by the North Carolina State Legislature and is subject to change without prior notification.

## **FINANCIAL AID**

The Financial Aid office monitors a policy that is based on federal regulations that establishes a maximum time frame for completion of a program of 150 percent of the published length of an educational program. This means that as a student majoring in a Pre- Health Science program, you will need to pay careful attention to the number of hours you attempt prior to actual admission into your program of choice. Depending on the number of hours that you have attempted prior to admission into a Health Science program, you may not be eligible for enough financial aid to complete the program after you have been admitted.

To make sure you understand this policy and that you plan ahead in order to use your financial benefits in a wise and timely manner, please consult with the financial aid office located in the Union Station Building Room U-138 (Downtown) or the McKeithan Center Room NA-100 (North Campus).
