Co-Sponsored by
Pender County
Firefighters Association
&
Cape Fear Community College

GENERAL INFORMATION

Cape Fear Community College & the Pender County Firefighters Association are pleased to announce the 35th Pender County Firefighter's Association Public Safety College, January 15-19, 2025.

The purpose of this Public Safety College is to deliver the best possible training with the best instructors available. Come prepared to learn! You are encouraged to preregister early to ensure your class choice. Registration forms received without payment will be returned to the sender. Should your first choice be filled, you will be assigned to your second or third choice noted on your registration form.

**** Attendance at all scheduled class sessions is mandatory.**

Students who do not attend the first day of class will not be allowed to enter on the second day. **

Saturday's lunch will be provided by the Pender County Firefighters Association

For More Information

Call **910-362-7799** or **910-362-7711**

Go to <http://cfcc.edu/publicsafety/fire-rescue-emergency-management/> for brochure and registration form.

Enrollment & Registration

Registrations and payments should be received by **December 16, 2024. NO REGISTRATIONS WILL BE ACCEPTED OR RESERVED OVER THE PHONE OR BY FAX!** Students should complete and return registration forms indicating 1st, 2nd, and 3rd choices of classes with the proper fees (no credit cards). Do not use White Out on registration forms. Every effort will be made to place you in the class of your choice. **Classes with insufficient registration will be cancelled on December 19th**, so please register as soon as possible. **NO REFUNDS AFTER December 20th.**

NOTE: IF YOU WISH TO REGISTER FOR MORE THAN ONE CLASS, YOU MUST SUBMIT AN ADDITIONAL REGISTRATION FORM FOR EACH CLASS. THE SPACE FOR 2ND or 3RD CHOICE IS ONLY FOR STUDENTS TO INDICATE ANOTHER CHOICE IF THEIR FIRST CHOICE IS FULL.

Walk-in registrations will be accepted at the following times: Friday, January 17th, 5:30 PM - 7:00 PM and Saturday, January 18th, 7:00 AM-8:00 AM. Your first choice may not be available. **Cash & checks** accepted for walk-in registration fees.

Feel free to make multiple copies of the blank enrollment form located on inside rear cover of this brochure.

CONFIRMATION EMAILS WILL BE SENT TO PRE-REGISTERED STUDENTS. PLEASE MAKE SURE YOUR EMAIL ADDRESS IS ON THE REGISTRATION FORM.

FEES

The fee for North Carolina residents who are members of fire departments, EMS, rescue squads, & law enforcement agencies is \$35.00. Remember, all fees must accompany registration forms. Only one \$35.00 fee is required per participant, even if taking multiple classes.

Out-of-state students or those not affiliated with a NC Public Safety Agency will be required to pay \$105.00 for classes 24 hours or less, \$160.00 for classes 25 hours or greater. This includes the public safety college fee as well as the tuition fee. Remember, all fees must accompany registration forms.

Please make check or money order payable to: ***Cape Fear Community College***

Mail with registration form to:

Cape Fear Community College
C/O Chris Nelson / STC
4500 Blue Clay Rd
Castle Hayne, NC 28429

CERTIFICATES

Students who successfully complete the class in which they are enrolled will be awarded a certificate from Cape Fear Community College. Please print name legibly on registration form; certificates are typed from these forms. Successful completion includes attending all class sessions.

LOCATIONS

Unless otherwise noted, all classes will be held at Cape Fear Community College's North Campus. The room listing will be posted in the McKeithan Building lobby. Students are requested to go directly to the appropriate classrooms. Please see the class descriptions for additional location information.

ACKNOWLEDGEMENTS

Special thanks to:

- Vendors who support our Public Safety College.
- Fire Departments, Rescue Squads, and Law Enforcement Agencies for the use of their facilities and equipment.
- All individuals who help make the Public Safety College a success.

**VENDORS WILL BE PRESENT SATURDAY & SUNDAY--
DOOR PRIZES WILL BE AWARDED**

Vendors please contact: Ricky Rivenbark

CLASS INFORMATION

Firefighter Certification Block Classes

1. FF General and Communications
2. FF Fireground Ops 1
3. FF Fireground Ops 7
4. FF Fireground Ops 8
5. FF Rescue Ops 1
6. Traffic Incident Management

Driver/Operator Certification Classes

7. D/O: Emergency Vehicle Driver
8. D/O: Pumps: Pumps Intro/Basic Ops
9. D/O: Pumps: Hydraulics/Water Supply
10. D/O: Pumps: Sprinklers & Standpipes

Hazardous Materials Certification Classes

11. HazMat Ops (Chapters 4/5/6.2/6.6)

Technical Rescuer Certification Classes

12. TR Rope Rescue Awareness
13. TR Passenger Vehicle Rescue Awareness
14. TR Passenger Vehicle Rescue Operations

Officer/Leadership Certification Classes

15. Fire Officer I
16. Fire Officer II
17. Fire Instructor I
18. Fire Instructor II
19. Chief 101

National Fire Academy Classes

20. NFA Incident Safety Officer (ISO)
21. NFA Training Operations in Small Departments
22. NFA Fire Investigations

Operational & Tactical Skills

23. Basic Firefighting**
24. Scene Size-Up
25. Flashover 2.0*
26. Stretch, Flow, Go: The Deep Dive into Engine Operations
27. The Dirty Operations of the Engine Company*

Fire & Life Safety/Code Enforcement

28. Fire Prevention Inspection I
29. Fire Prevention Inspection II
30. Law & Administration
31. Fire Life Safety Educator I

Specialty Classes

32. NIMS ICS-300
33. The Training Officer: The Bricklayer of a Firefighters Foundation
34. Intro to Peer Support/Firefighter Mental Health
35. Explosives, Bombings, & Terrorism

Everyone Goes Home

36. Four Steps to Building Quality Leaders & Highly Motivated Followers
37. Courage to be Safe (CTBS)
38. Leadership, Accountability, Culture, and Knowledge (LACK)
39. Attributes of Leading (AOL)

***Anyone participating in Sections 25 and/or 27 must have a Live Fire Course Competency Form completed along with the Registration Form. The Competency Form can be found before the Registration Form in this brochure.**

National Fire Protection Association (NFPA) 1403- Standard on Live Fire Training Evolutions

4.3.1* Prior to being permitted to participate in live fire training evolutions, the student shall have received training to meet the minimum job performance requirements for Fire Fighter I in NFPA 1001, Standard for Fire Fighter Professional Qualifications, related to the following subjects: (1) Safety (2) Fire behavior (3) Portable extinguishers (4) Personal protective equipment (5) Ladders (6) Fire hose, appliances, and streams (7) Overhaul (8) Water supply (9) Ventilation (10) Forcible entry and (11) Building construction

In accordance to OSHA 29 CFR 1910.134 & NFPA 1500, it is the policy of Cape Fear Community College that Students participating in live fire training may not have any facial hair, jewelry, or other impediment that will impede the seal area of an SCBA mask. Any student violating this policy will not be allowed to participate.

All turnout gear must be compliant with NFPA 1971; students will not be allowed to participate if the instructor(s) find that the gear is not NFPA compliant or otherwise poses a hazard.

****Participation in Basic Firefighting will require a signed Chief's approval form. This form will be emailed after the registration is received.**

FIREFIGHTER CERTIFICATION CLASSES

Sections 1-6 will present the candidate with the knowledge, skills, and ability to satisfy the requirements of NFPA 1001: Standard for Firefighter Professional Qualifications (2019 edition).

The Jones & Bartlett-Fundamentals of Fire Fighter Skills and Hazardous Materials Response, 4th Edition, (ISBN: 978-1-284-14463-5) is required for Sections 1-5.

Section 1 – FF General and Communications FIP-3040 This course includes instructional content for Orientation and Fire Service Communications.

24 hours (Thursday 7:00pm -10:00pm, Friday - Saturday 8:00am – 5:00pm, Sunday 8:00am – 1:00pm)

Instructor: **Christopher Barrett**

Section 2 – FF Fireground Ops 1 FIP-3041 This course includes instructional content for Firefighter Health & Safety. Full Turnout Gear Required

24 hours (Thursday 7:00pm -10:00pm, Friday - Saturday 8:00am – 5:00pm, Sunday 8:00am – 1:00pm)

Instructor: **TBA**

Section 3 – FF Fireground Ops 7 FIP-3047 This course includes instructional content for Water Supplies. Full turnout gear required

24 hours (Thursday 7:00pm -10:00pm, Friday - Saturday 8:00am – 5:00pm, Sunday 8:00am – 1:00pm)

Instructor: **TBA**

Section 4 – FF Fireground Ops 8 FIP-3048 This course includes instructional content for Hose, Streams, & Appliances. Full turnout gear required

24 hours (Thursday 7:00pm -10:00pm, Friday - Saturday 8:00am – 5:00pm, Sunday 8:00am – 1:00pm)

Instructor: **TBA**

Section 5 – FF Rescue Ops 1 FIP-3050 This course includes instructional content for Rescue. Full turnout gear required

28 hours (Thursday - Saturday 8:00am-5:00pm, Sunday 9:00am – 1:00pm)

Instructor: **Gene Holland**

Section 6 – Traffic Incident Management FIP-7000 This class is designed to build teams of well-trained responders who can work together in a coordinated manner, from the moment the first emergency call is made. First Responders learn the correct deployment of response vehicles and equipment, how to create a safe work area using traffic control devices, and techniques to speed up accident clearance.

4 hours (Friday 6:00pm – 10:00pm).

Instructor: **Colin Simpson**

DRIVER/OPERATOR CERTIFICATION CLASSES

Sections 7-10 will present the candidate with the knowledge, skills, and ability to satisfy the requirements of NFPA 1002: Standard for Fire Apparatus Driver/Operator Professional Qualifications (2017 edition).

The IFSTA- Pumping and Aerial Apparatus Driver/Operator Handbook, 3rd Edition. (ISBN: 978-0-87939-571-1) is required for Sections 7-10.

Section 7 – Driver Operator: Emergency Vehicle Driver FIP-3600 This class deals with the safe operation of emergency vehicles, driving skills, legal implications of emergency driving and departmental standard operating procedures. Saturday afternoon and Sunday class will meet outside for hands-on training, rain or shine. Please dress appropriately. **Students must be 18 years of age and possess a valid NC Driver License.**

24 hours (Thursday 7:00pm -10:00pm, Friday - Saturday 8:00am – 5:00pm, Sunday 8:00am – 1:00pm)

Instructor: **Lewis Smith**

Section 8 – Driver Operator: Pumps Intro/Basic Operations FIP-3623 This course includes an overview of the types of apparatus equipped with fire pumps, apparatus safety, positioning, and basic operations. This course is part of the Pumps Certification Program approved by the NC Fire and Rescue Commission.

40 hours (Wednesday - Saturday 8:00am - 6:00pm, Sunday 9:00am - 1:00pm).

Instructor: **Dean Odham**

Section 9– Driver Operator: Pumps: Hydraulics/Water Supply FIP-3624 This course includes an overview of fire pump theories, water supply sources, hydraulic fundamentals, relay and water shuttle operations, & foam systems. This course is part of the Pumps Certification Program approved by the NC Fire and Rescue Commission. **Full Turnout Gear Required.**

40 hours (Wednesday - Saturday 8:00am - 6:00pm, Sunday 9:00am - 1:00pm).

Instructor: **Frank Sasser**

Section 10 – Driver Operator: Pumps: Sprinklers & Standpipes/Maintenance & Testing FIP-3625

This course includes apparatus inspection, maintenance, testing, and sprinkler and standpipe connections. This course is part of the Pumps Certification Program approved by the NC Fire and Rescue Commission. **Full Turnout Gear Required.**

30 hours (Thursday 8:00am – 6:00pm, Friday & Saturday 8:00am – 5:00pm, Sunday 8:00am - 1:00pm).

Instructor: **Sam George**

HAZARDOUS MATERIALS CERTIFICATION CLASSES

Section 11 – HazMat Ops (Chapters 4/5/6.2/6.6) FIP-3556 This class includes lecture and practice activities needed to safely and effectively meet the training requirements for Hazardous Materials Ops credential. Textbook is Jones & Bartlett-Fundamentals of Fire Fighter Skills and Hazardous Materials Response, 4th Edition **Full Turnout Gear and SCBA Required.**

40 hours (Wednesday - Saturday 8:00am - 6:00pm, Sunday 9:00am - 1:00pm).

Instructor: **Colin Simpson**

TECHNICAL RESCUER CERTIFICATION CLASSES

Prerequisites for all Technical Rescuer classes are NC Firefighter I & II certification; or having completed TR Introduction Course FRC-1200; or having a previous Technical Rescuer 2013 certification.

Section 12 – TR Rope Rescue Awareness FRC-1202 This certification-related course in rope rescue (awareness level) will present the Technical Rescuer (TR) with an introduction to rope rescue, size-up, hazards associated with rope rescue, supporting the operations, initiating a response, and technician level rescue incident.

9 Hours (Friday 8:00am – 6:00pm).

Instructor: **TBA**

Section 13 – TR Passenger Vehicle Rescue Awareness FRC-1208 This certification-related course in common passenger vehicles (awareness level) will present the Technical Rescuer (TR) with an introduction to vehicle rescue and extrication, vehicle rescue incident awareness, and rescue tools and equipment. **Full Turnout Gear or attire suitable for rescue work including a helmet and gloves required.**

9 Hours (Friday 8:00am – 6:00pm).

Instructor: **Halsey Hoosier**

Section 14 – TR Passenger Vehicle Rescue Operations FRC-1209 This certification-related course in common passenger vehicles (operations and technician level) will present the Technical Rescuer (TR) with information on vehicle anatomy and will introduce new technologies in vehicle devices which present hazards for rescue personnel. Topics included in this course are site operations, mechanical energy and vehicle anatomy, supplemental restraint systems, and advanced vehicle technology: alternative fuel vehicles. **NOTE: TR Passenger Vehicle Rescue Awareness FRC 1208 is a prerequisite for this class. Full Turnout Gear or attire suitable for rescue work including a helmet and gloves required.**

15 Hours (Friday 7:00pm - 9:00pm, Saturday 8:00am – 5:00pm, Sunday 8:00am - 1:00pm).

Instructor: **Halsey Hoosier**

LEADERSHIP/OFFICER CERTIFICATION CLASSES

Section 15 – Fire Officer I FIP-3718 This class will cover the knowledge, skills and ability to satisfy the requirements of chapter four of NFPA 1021: Standard for Fire Officer Professional Qualifications. The class is designed to meet the needs of the first-line company officer, giving candidates the basic information needed to function within a management position.

Prerequisites: 21 years of age, Firefighter Level II for 3 years, Instructor I certified (minimum). Textbook is the IFSTA Fire & Emergency Services Company Officer (Sixth Edition)

36 hours (Wednesday - Saturday 8:00am – 5:00pm, Sunday 9:00am – 1:00pm).

Instructors: **Robert Swiger & Phil Batts**

Section 16 – Fire Officer II FIP-3719 This class will present the Fire Officer Candidate with the knowledge, skills, and ability to satisfy the requirements of the Chapter Five of the NFPA 1021: Standard for Fire Officer Professional Qualifications. This class is designed to meet the needs of the mid-level officer. **Prerequisites:**

21 years of age, Firefighter Level II for 5 years, Instructor I certified (Minimum), and Fire Officer I. Textbook is the IFSTA Fire & Emergency Services Company Officer (Sixth Edition)

28 hours (Thursday - Saturday 8:00am – 5:00pm, Sunday 9:00am – 1:00pm).

Instructors: **Steve West & Chris West**

Section 17 – Fire Service Instructor I FIP-3811 This course covers the knowledge, skills, and abilities needed to train others in fire service operations. Topics include planning, presenting and evaluating lesson plans, learning styles, use of media, communication, and other related topics. Upon completion, students should be able to meet the requirements of the Fire Instructor Level 1 objectives from National Fire Protection Association (NFPA) 1041. This is a NC Fire and Rescue Commission certification course. **Prerequisites:** 21 years of age, Firefighter Level II, FLSE, Rescuer or HazMat Ops certified for three (3) years Textbook is IFSTA - Fire and Emergency Services Instructor, 9th Edition

26 hours (Thursday 4:00pm – 9:00pm, Friday & Saturday 8:00am – 5:00pm, Sunday 8:00am – 1:00pm).

Instructor: **Emmett Page**

Section 18 – Fire Service Instructor II FIP-3812 This course covers the knowledge, skills and abilities needed to train others in fire service operations. Topics include planning, presenting and evaluating lesson plans, learning styles, use of media, communication, and other related topics. Upon completion, students should be able to meet the requirements of the Fire Instructor Level II objectives from National Fire Protection Association (NFPA) 1041. **Prerequisites:** Fire Instructor I certification. Textbook is IFSTA - Fire and Emergency Services Instructor (9th Edition). A laptop computer is required for this class.

38 hours (Wednesday 8:00am – 6:00pm, Thursday - Saturday 8:00am – 5:00pm, Sunday 8:00am – 1:00pm).

Instructor: **Mathew Cox**

Section 19 – Chief 101 This class will offer insight into paperwork and other issues facing today's fire departments. There will be a heavy emphasis on benefits from the State Firemen's Association, the Firemen's and Rescue Squad Workers' Pension Fund, the PSOB, Workers' Compensation and the State of North Carolina. Packets outlining the procedure to follow in case of a line-of-duty death will be provided as well. The class is designed to benefit all firefighters and is packed with useful information. This class will also include information from the new NCSFA Administrative course. Chiefs, company officers, and firefighters are encouraged to attend.

8 hours (Saturday 8:00am – 5:00pm).

Instructor: **John Grimes**

NATIONAL FIRE ACADEMY CLASSES

Sections 20-22 will need to register at <https://cdp.dhs.gov/femasid> to obtain a SID number for NFA classes

Section 20– NFA Incident Safety Officer This class is designed to provide First Responders with the ability to identify and analyze safety concerns as they relate to all hazard scene evaluations, and communicate recommended solutions to the command authority. This class examines the safety officer's role at emergency response situations. A specific focus on operations within an incident command system as a safety officer is a main theme.

16 hours (Friday 7:00pm - 10:00pm, Saturday 8:00am - 5:00pm, Sunday 8:00am - 1:00pm).

Instructor: **Curtis Teague**

Section 21 – NFA Training Operations in Small Departments This class is designed to provide students with some basic tools and skills to coordinate training in a small fire/EMS organization. A training function in a smaller department typically may include conducting training drills and coordinating training with a nearby larger city or state training function.

16 hours (Friday 7:00pm - 10:00pm, Saturday 8:00am - 5:00pm, Sunday 8:00am - 1:00pm).

Instructor: **Jon Sowers**

Section 22 – NFA Fire Investigation: First Responder

This class covers the basic techniques for determining fire origin and cause, and recognizing primary clues or evidence of arson. This is a National Fire Academy class offering instruction in the proper identification of incendiary fire from the level of a first-in firefighter. Students will also learn the basic skills of managing a crime scene and the collection of various forms of evidence.

14 hours (Saturday 8:00am - 6:00pm, Sunday 8:00am - 1:00pm).

Instructor: **Buddy Thompson**

OPERATIONAL & TACTICAL SKILLS

Section 23 – Basic Firefighting. Basics to be covered include: ladders, SCBA, fire streams, hose practices, etc. Practical applications will be used extensively. **Full Turnout Gear and SCBA Required. Requires Chief's signature, form will be sent after registration.**

15 hours (Friday 7:00pm - 10:00pm, Saturday 8:00am - 5:00pm, Sunday 8:00am - 12:00pm).

Instructors: Tommy Batson, Blake Turner, Curtis Citarelli

Section 24 – Scene Size-Up This class is designed to provide students with the knowledge and skills to perform a scene size up. The student will learn the process of gathering and analyzing information that will influence the decisions fire officers make and actions firefighters take. This class examines size-up information and factors to consider to intelligently fighting a fire without putting firefighters at excessive and unnecessary risk.

12 hours (Sat. 8:00am – 5:00pm, Sun. 8:00am – 12:00pm)

Instructor: **Michael Butts**

Section 25 – FLASHOVER 2.0 This class starts in the classroom discussing modern fire dynamics from the latest studies. Instructors will utilize the most current research to assist in developing basic fire attack skills. Participants will then experience this training in action by entering the flashover simulator. The simulator allows the firefighter to witness the life cycle of an unfriendly fire from ignition to flashover. Learn to recognize the conditions leading to Flashover—how it happens, how to recognize the rapidly developing fire, dense smoke, high heat, and rollover, which are all present in the simulator. **Full turn-out gear with SCBA and one spare cylinder. SCBA bottles must have current hydro-test date. Participants must have completed all classes as listed in NFPA 1403. Requires signed Live Burn Competency Form.**

8 hours (Friday 8:00am – 5:00pm)

Instructor: **Donald Burns & Chris Stenerson**

OPERATIONAL & TACTICAL SKILLS - cont'd

Section 26 – Stretch, Flow, Go: The Deep Dive into Engine Operations This course will address the staffing realities of fire departments everywhere. The need for efficient Engine company operations is evident in all areas, and is now demonstrated by science. This course will bring tactics, techniques, and information for the firefighter to ensure efficient engine operations in departments of all sizes. The course will deep dive into concepts that are normally brushed over quickly in engine courses. Look forward to walking away with a very different perspective of engine operations. **Full Turnout Gear Required.**

12 hours (Sat.8:00am – 5:00pm, Sun. 8:00am – 12:00pm)

Instructor: **Jonah Smith**

Section 27– The Dirty Operations of the Engine Company The class offers students the opportunity to sharpen their skills and learn new and efficient skills for the vital goal of putting water on the fire. The focus of the class will be engine company responsibilities with regard to fire control and other tactical priorities are presented and practiced. This course includes a classroom component and a hands-on portion with live fire conditions. **Full turnout gear with SCBA and one spare cylinder. SCBA bottles must have current hydro-test date. Participants must have completed all classes as listed in NFPA 1403. Requires signed Live Burn Competency Form.**

12 hours (Saturday 8:00am-5:00pm, Sunday 9:00am- 1:00pm)

Instructor: **Donald Burns & Chris Stenerson**

FIRE & LIFE SAFETY/CODE ENFORCEMENT

Section 28 - Fire Prevention Inspection Level I This class is designed for the education and training of code enforcement officials who have the responsibility of inspecting existing buildings. Participants will gain understanding of the NC Fire Prevention Code and will be able to apply the Code in the inspection field. **Book Required – 2018 NC Fire Code, Adopted from the 2015 International Fire Code.**

40 hours (Wednesday - Saturday 8:00am – 6:00pm, Sunday 8:00am – 12:00pm).

Instructor: **Michael Marshburn**

Section 29 – Fire Prevention Inspection Level II This class is designed for the education and training of code enforcement officials who have the responsibility of inspecting existing buildings. Participants will gain understanding of the NC Fire Prevention Code and will be able to apply the Code in the inspection field. **Book Required – 2018 NC Fire Code, Adopted from the 2015 International Fire Code.**

32 hours (Wednesday - Saturday 8:00am – 5:00pm).

Instructor: **Chris Elrod**

Section 30 – Law & Administration Any person who desires to take any of the North Carolina Standard Inspection courses must first complete the Law and Administration course. This course meets the standards of the North Carolina Code Officials Qualification Board. **Book Required – Administration Code & Policy 2024 (<https://shop.iccsafe.org/northcarolina-state-building-code-administrative-codeand-policies-2018-1.html>).**

16 hours (Friday 7:00pm - 10:00pm, Saturday 8:00am - 5:00pm, Sunday 8:00am - 1:00pm).

Instructor: **Barrett Graham**

Section 31– Fire Life Safety Educator I FIP-4630 This certification-related Fire and Life Safety Education (FLSE) course covers the basics of fire and life safety and is the first of three FLSE levels. This class is designed to give firefighters and fire & life safety educators ideas and confidence to teach fire safety to all ages. Students will participate in fire safety lessons and teach a safety lesson plan that they can use at their own fire department.

36 hours (Wednesday – Saturday 8:00am – 5:00pm, Sunday 9:00am – 1:00pm).

Instructor: **Wendy Giannini – King**

SPECIALTY CLASSES

Section 32 - NIMS ICS 300 This class provides greater description and details of the Incident Command System (ICS) organization and operations, including application of essential principles and description of air operations. There are five modules: Organizations and Staffing, Organizing for Incidents and Events, Resources Management, Air Operations and Incident and Event planning. This class includes a final exam. **Prerequisites: ICS-100, ICS-200, and ICS-700. You must also register with NC TERMS <http://terms.ncem.org/TRS/>. The \$35.00 Registration Fee is not waived for these classes.**

21 hours (Wednesday - Friday 8:00am – 4:00pm)

Instructor: **Sterling Powell**

Section 33 – The Training Officer: The Bricklayer of a Firefighter's Foundation NEW! In this dynamic session, attendees will gain a comprehensive understanding of the pivotal role training officers play in developing well-rounded, competent firefighters. This class will delve into the responsibilities of training officers and their impact on shaping future firefighters through rigorous and effective training programs. We will cover critical topics such as physical preparedness, core firefighting skills, mental resilience, and practical training strategies, all framed within the metaphor of the training officer as a bricklayer. This metaphor underscores the meticulous and deliberate process of building a solid foundation for every firefighter. The presentation will also emphasize the importance of continuous learning and professional development in keeping firefighters prepared for the ever-evolving fire service challenges.

2 hours (Friday 7:00pm - 9:00pm).

Instructor: **Don Burns**

Section 34 – Intro to Peer Support/Firefighter Mental Health In this class students will learn the importance of peer support, mental health self-care and suicide awareness. Reasons why first responders don't ask for help will be discussed along with the beauty of being able to connect with like-minded individuals such as peer support team members. Statistics and common risk factors for first responder suicide will also be discussed.

8 hours (Saturday 8:00am – 5:00pm).

Instructors: **Dustin Clapp, Eric Stephenson First Responders Peer Support Network**

Section 35– Explosives, Bombings, & Terrorism

This class takes Emergency First Responders (EMS, Fire, Law Enforcement, and Rescue) through a basic understanding of explosives, the latest Improvised Explosive Devices (IEDs) being employed overseas and domestically, how they are being constructed, and used by terrorists against first responders and the public. What first responders need to do to ensure their safety against this threat and how to integrate with bomb squads at the scene of a bombing or other terrorist events. The course will take the students through basic bomb and explosive understanding, bomb threats, search techniques and basic safety at bomb/terrorist scenes all of which they may encounter in their jobs. It will also discuss terrorist methods, activities and the latest cases. We will discuss ways we can help stop or prevent future terrorist events in the U.S.

This course will be presented through classroom instruction and practical exercises including, indoor and outdoor IED searching, active shooter problems and live improvised explosive demonstrations.

12 hours (Saturday 8:00am-5:00pm, Sunday 9:00am- 1:00pm)

Instructors: **Retired Chief Deputy Doug Cotton**, Wilkes County Sheriff's Office, Special Operations SWAT and Hazardous Devices Unit Commander, Former member JTTF, Graduate of the FBI Academy, FBI Hazardous Devices School, and certified bomb technician.

Lt. Chris Wagoner, Wilkes County Sheriff's Office, Clandestine Laboratory Response Team member, SWAT team member, Certified bomb technician and Hazardous Devices Team Commander, Fire/Arson Investigator.

EVERYONE GOES HOME

These classes are offered by the NC Everyone Goes Home Advocate Team and will be placed as a permanent record on student's training transcripts within NC OSFM.

Section 36 – Four Steps to Building Quality Leaders & Highly Motivated Followers This presentation looks at a variety of leadership issues that affect accountability and approaches to safety. Discussions include the impact of generational change, organizational dynamics, interpersonal dynamics, and ten personality types found in the fire service. The mnemonic “L.E.A.D.” forms the foundation of organizational strength. The presentation uses scenes from the Academy Award-winning film “Patton” to make the meaningful points.

4 hours (Friday 6:00pm – 10:00pm).

Instructor: **Katherine Burton**

Section 37 – Courage to be Safe (CTBS) This course is a provocative and moving presentation by the National Fallen Firefighters Foundation, through the Everyone Goes Home® Program, that is designed to change the culture of accepting the loss of firefighters as a normal occurrence. Building on the untold story of line of duty death survivors, it reveals how family members must live with the consequences of a firefighter death. This presentation provides a focus on the need for firefighters and officers to change fundamental attitudes and behaviors to prevent line of duty deaths. The central theme promotes the courage to do the right thing to protect yourself and other firefighters and ensure that “Everyone Goes Home” at the end of the day. Firefighters must have the courage to face a multitude of risks to save lives and protect their communities. Their courage allows them to willingly risk their own lives so that others can be saved. A different type of courage is required to stay safe in potentially dangerous situations, avoiding needless risks and tragic consequences.

4 hours (Saturday 8:00am - 12:00pm)

Instructor: **Bryant Pitchford**

Section 38 – Leadership, Accountability, Culture, and Knowledge (LACK) Is your department on the path to a LODD? This compelling presentation by the National Fallen Firefighter Foundation examines the root causes of LODDs and the role of Leadership, Accountability, Culture and Knowledge as it influences the result. Many fire departments across the United States “LACK the Right Stuff” to prevent them from being on a path to a line of duty death, with Leadership, Accountability, Culture and Knowledge being the elements that need to be addressed and managed in those environments. Through education and training, those departments can improve their survivability by understanding the root causes of firefighter fatalities and tackling these four elements with special emphasis on understanding fire service culture.

4 hours (Saturday 1:00pm – 5:00pm).

Instructor: **Bryant Pitchford**

Section 39– Attributes of Leading (AOL) Attributes of Leading (AOL) is designed to build more effective fire service leaders of all ranks. It is a highly interactive, real-world applicable, case study-based course. The program focuses on twelve essential qualities of effective leading:

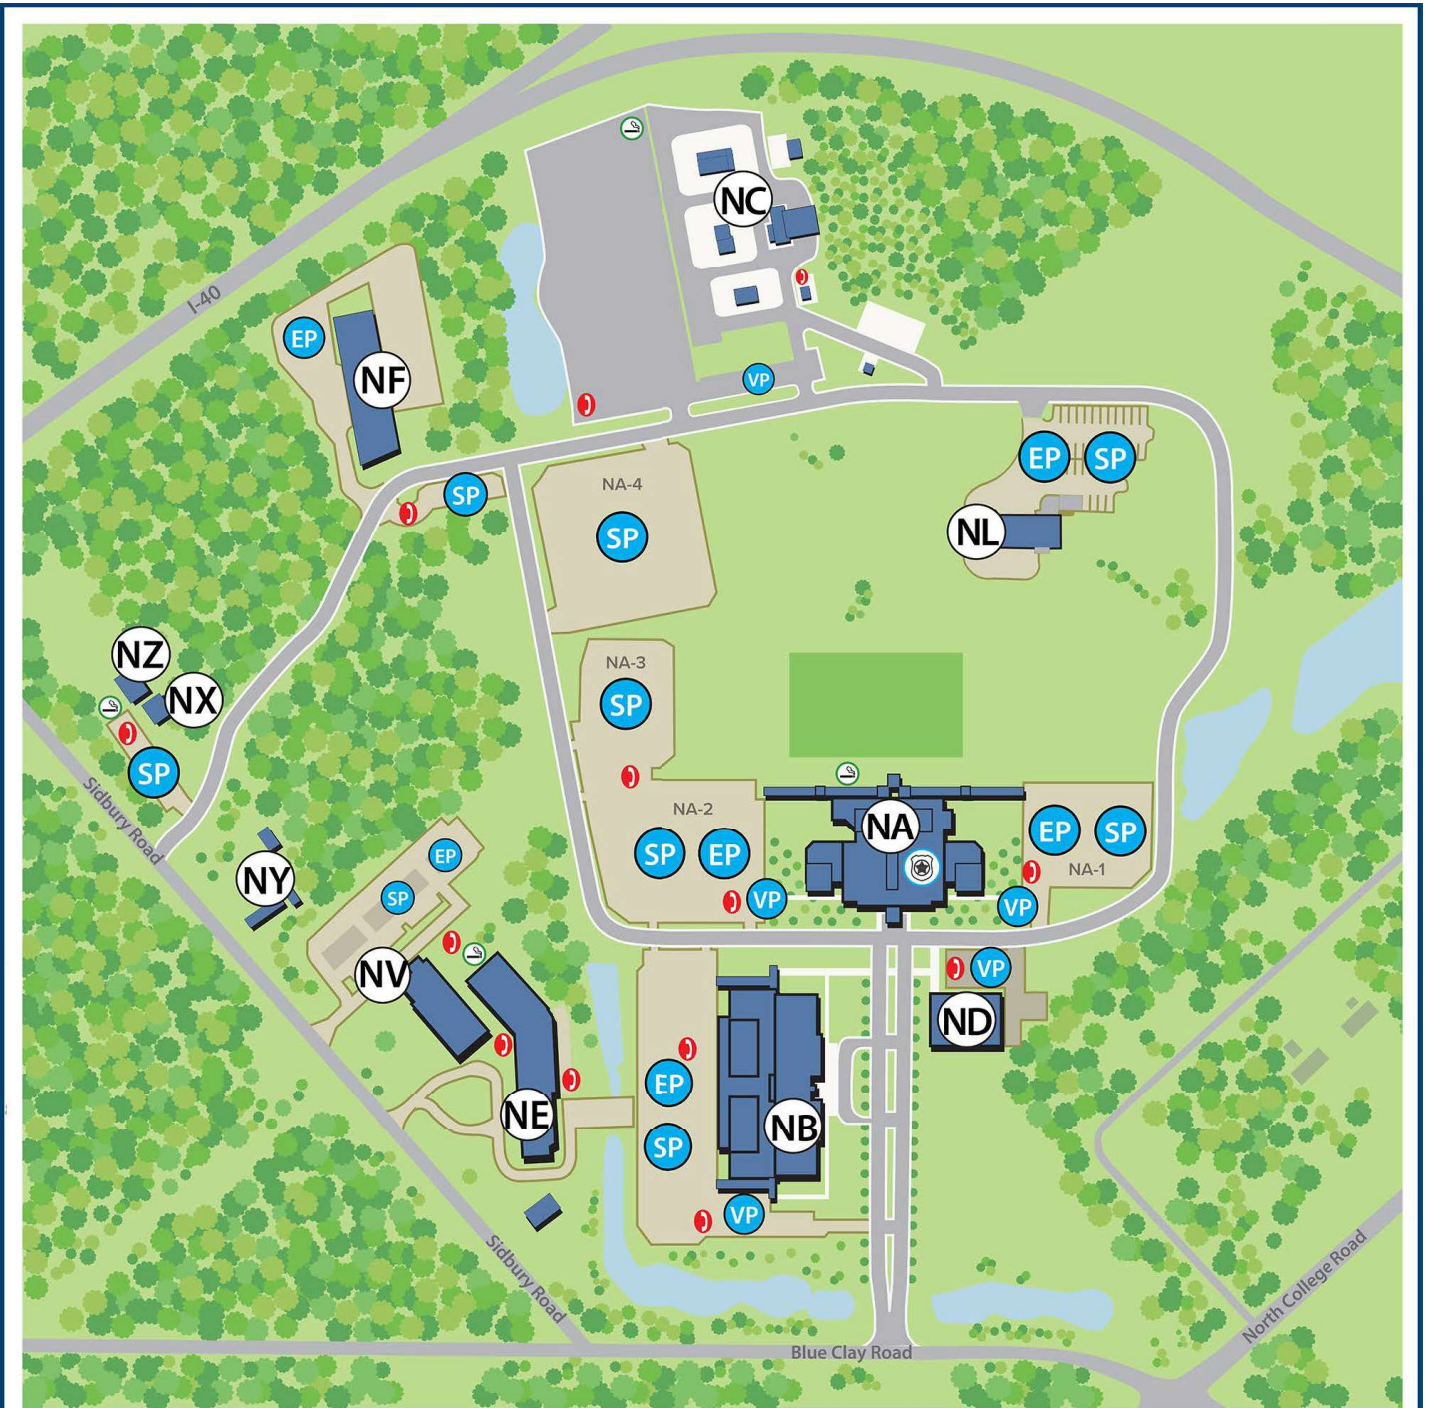

- Competence
- Self-mastery
- Constructive influence
- Self-regulation
- Grit
- Stepping up
- Humility
- Trust
- Presence
- Vigilance
- Resilience
- Wellness

Through a process of view, review, introspection, and discussion, the program challenges attendees to focus on qualities that constructively influence members regarding overall performance, health, and safety.

6 hours (Sunday 8:00am - 2:00pm)

Instructor: **Bryant Pitchford**

Anyone participating in Sections 25, and/or 27 must have a Live Fire Course Competency Form completed along with the Registration Form. The Competency Form is on the next page in this brochure.

National Fire Protection Association (NFPA) 1403- Standard on Live Fire Training Evolutions

4.3.1* Prior to being permitted to participate in live fire training evolutions, the student shall have received training to meet the minimum job performance requirements for Fire Fighter I in NFPA 1001, Standard for Fire Fighter Professional Qualifications, related to the following subjects: (1) Safety (2) Fire behavior (3) Portable extinguishers (4) Personal protective equipment (5) Ladders (6) Fire hose, appliances, and streams (7) Overhaul (8) Water supply (9) Ventilation (10) Forcible entry and (11) Building construction

In accordance to OSHA 29 CFR 1910.134 & NFPA 1500, it is the policy of Cape Fear Community College that Students participating in live fire training may not have any facial hair, jewelry, or other impediment that will impede the seal area of an SCBA mask. Any student violating this policy will not be allowed to participate.

All turnout gear must be compliant with NFPA 1971; students will not be allowed to participate if the instructor(s) find that the gear is not NFPA compliant or otherwise poses a hazard.

LIVE FIRE Course Competency Validation Form

Student name _____

Department _____

Name of Training Officer or Chief completing this form _____

The 2018 edition of NFPA Standard 1403 requires that: "Students participating in live fire training evolution who have received the required minimum training and prerequisites from other than the authority having jurisdiction shall not be permitted to participate in any live fire training evolution without presenting prior written evidence of having successfully completed the prescribed minimum training to the levels specified in 4.3.1 (required minimum training) and through 4.3.2.5 (prerequisites)." These required minimum training subjects (4.3.1) and prerequisites (4.3.2) are:

Required Course	Initial Here	Required Course	Initial Here
1. 4.3.1-Safety	_____	9. 4.3.1-Ventilation	_____
2. 4.3.1-Fire Behavior	_____	10. 4.3.1-Forcible Entry	_____
3. 4.3.1-Portable Extinguishers	_____	11. 4.3.1-Building Construction	_____
4. 4.3.1-Personal Protective Equipment	_____	12. 4.3.2.1-Fire Dynamics	_____
5. 4.3.1-Ladders	_____	13. 4.3.2.2-Health and Safety	_____
6. 4.3.1-Fire Hose, Appliance, and Streams	_____	14. 4.3.2.3-Fundamentals of Fire Behavior	_____
7. 4.3.1-Overhaul	_____	15. 4.3.2.4-Fire Development in a Compartment	_____
8. 4.3.1-Water Supply	_____	16. 4.3.2.5-Nozzle Techniques and Door Control	_____

The Fire Chief or Training Officer of _____ Department authorizes that _____ has completed the required minimum training and prerequisites and may participate in the live fire training evolutions delivered by any NCFRC approved Delivery Agency and/or led by any NCFRC qualified live fire instructor.

Student, or participant, shall be at least 18 years of age to participate in live fire delivered by any NCFRC approved Delivery Agency and/ or led by any qualified live fire instructor. ID's will be checked by qualified instructors before allowing students to participate in the live fire training. Signatures below validates that the student is at least 18 years old and have successfully completed the above required minimum training and prerequisites.
