&
Cape Fear Community College

GENERAL INFORMATION

Cape Fear Community College & the Eastern Carolina Firefighters Association are pleased to announce the 34th Eastern Carolina Firefighter's Association Public Safety College, October 1-5, 2025.

The purpose of this Public Safety College is to deliver the best possible training with the best instructors available. Come prepared to learn! You are encouraged to preregister early to ensure your class choice. Registration forms received without payment will be returned to the sender. Should your first choice be filled, you will be assigned to your second or third choice noted on your registration form.

**** Attendance at all scheduled class sessions is mandatory.**

Students who do not attend the first day of class will not be allowed to enter on the second day. **

Saturday's lunch will be provided by the Eastern Carolina Firefighters Association

For More Information

Call 910-362-7799 or 910-362-7711

Go to <http://cfcc.edu/publicsafety/fire-rescue-emergency-management/> for brochure and registration form.

Enrollment & Registration

Registrations and payments should be received by September 19, 2025. **NO REGISTRATIONS WILL BE ACCEPTED OR RESERVED OVER THE PHONE OR BY FAX!** Students should complete and return registration forms indicating 1st, 2nd, and 3rd choices of classes with the proper fees (no credit cards). Do not use White Out on registration forms. Every effort will be made to place you in the class of your choice. **Classes with insufficient registration will be cancelled on September 20th,** so please register as soon as possible. **NO REFUNDS AFTER September 20th.**

NOTE: IF YOU WISH TO REGISTER FOR MORE THAN ONE CLASS, YOU MUST SUBMIT AN ADDITIONAL REGISTRATION FORM FOR EACH CLASS. THE SPACE FOR 2ND or 3RD CHOICE IS ONLY FOR STUDENTS TO INDICATE ANOTHER CHOICE IF THEIR FIRST CHOICE IS FULL.

Walk-in registrations will be accepted at the following times: Friday, October 3rd, 5:30 PM - 7:00 PM and Saturday, October 4th, 7:00 AM-8:00 AM. Your first choice may not be available. **Cash & checks** accepted for walk-in registration fees.

Feel free to make multiple copies of the blank enrollment form located on inside rear cover of this brochure.

CONFIRMATION EMAILS WILL BE SENT TO PRE-REGISTERED STUDENTS. PLEASE MAKE SURE YOUR EMAIL ADDRESS IS ON THE REGISTRATION FORM.

FEES

The fee for North Carolina residents who are members of fire departments, EMS, rescue squads, & law enforcement agencies is \$35.00. Remember, all fees must accompany registration forms. **Only one \$35.00 fee is required per participant, even if taking multiple classes.**

Out-of-state students or those not affiliated with a NC Public Safety Agency will be required to pay \$105.00 for classes 24 hours or less, \$160.00 for classes 25 hours or greater. This includes the public safety college fee as well as the tuition fee. Remember, all fees must accompany registration forms.

Please make check or money order payable to: ***Cape Fear Community College***

Mail with registration form to:

Cape Fear Community College
C/O Chris Nelson / STC
4500 Blue Clay Rd
Castle Hayne, NC 28429

CERTIFICATES

Students who successfully complete the class in which they are enrolled will be awarded a certificate from Cape Fear Community College. Please print name legibly on registration form; certificates are typed from these forms. Successful completion includes attending all class sessions.

LOCATIONS

Unless otherwise noted, all classes will be held at Cape Fear Community College's North Campus. The room listing will be posted in the McKeithan Building lobby. Students are requested to go directly to the appropriate classrooms. Please see the class descriptions for additional location information.

ACKNOWLEDGEMENTS

Special thanks to:

- Vendors who support our Public Safety College.
- Fire Departments, Rescue Squads, and Law Enforcement Agencies for the use of their facilities and equipment.
- All individuals who help make the Public Safety College a success.

**VENDORS WILL BE PRESENT SATURDAY & SUNDAY--
DOOR PRIZES WILL BE AWARDED**

Vendors please contact: David Yergeau

CLASS INFORMATION

Firefighter Certification Classes

1. FF General and Communications
2. FF Fireground Ops 1
3. FF Fireground Ops 8
4. FF Rescue Ops 1
5. Traffic Incident Management

Hazardous Materials Certification Classes

6. HazMat Ops (Chapters 4/5/6.2/6.6)

Driver/Operator Certification Classes

7. D/O: Emergency Vehicle Driver
8. D/O: Pumps: Pumps Intro/Basic Ops
9. D/O: Pumps: Hydraulics/Water Supply
10. D/O: Pumps: Sprinklers & Standpipes

Technical Rescuer Certification Classes

11. TR Rope Rescue Awareness
12. TR Passenger Vehicle Rescue Awareness
13. TR Passenger Vehicle Rescue Operations
14. TR Passenger Vehicle Technician

Officer/Leadership Certification Classes

15. Fire Officer I
16. Fire Officer II
17. Fire Instructor I
18. Fire Instructor II
19. Chief 101

National Fire Academy Classes

20. NFA Incident Safety Officer (ISO)
21. NFA Fire Investigations
22. NFA Training Operations for Small Departments

Operational & Tactical Skills

23. Basic Firefighting**
24. Flashover 2.0*
25. High-Rise & Mid-Rise Engine Operations
26. The Dirty Operations of the Engine Company*
27. Technical Rescuer Update - NEW!

Fire & Life Safety/Code Enforcement

28. Fire Inspector Level I
29. Fire Life Safety Educator I
30. Fire Life Safety Educator II

Specialty Classes

31. Command-Level Influence: Crafting Training Culture from the Top - NEW!
32. Intro to Peer Support/Firefighter Mental Health
33. VFIS Emergency Vehicle Train-the-Trainer
34. Explosives, Bombings, & Terrorism

EMS

35. CPR Instructor
36. Pre-Hospital Trauma Life Support (PHTLS)

Everyone Goes Home

37. After Action Review
38. 12 O'Clock High Leadership
39. Leadership So Everyone Goes Home
40. Attributes of Leading (AOL)

***Anyone participating in Sections 24 and/or 26 must have a Live Fire Course Competency Form completed along with the Registration Form. The Competency Form can be found before the Registration Form in this brochure.**

National Fire Protection Association (NFPA) 1403- Standard on Live Fire Training Evolutions

4.3.1* Prior to being permitted to participate in live fire training evolutions, the student shall have received training to meet the minimum job performance requirements for Fire Fighter I in NFPA 1001, Standard for Fire Fighter Professional Qualifications, related to the following subjects: (1) Safety (2) Fire behavior (3) Portable extinguishers (4) Personal protective equipment (5) Ladders (6) Fire hose, appliances, and streams (7) Overhaul (8) Water supply (9) Ventilation (10) Forcible entry and (11) Building construction

In accordance to OSHA 29 CFR 1910.134 & NFPA 1500, it is the policy of Cape Fear Community College that Students participating in live fire training may not have any facial hair, jewelry, or other impediment that will impede the seal area of an SCBA mask. Any student violating this policy will not be allowed to participate.

All turnout gear must be compliant with NFPA 1971; students will not be allowed to participate if the instructor(s) find that the gear is not NFPA compliant or otherwise poses a hazard.

****Participation in Basic Firefighting will require a signed Chief's approval form. This form will be emailed after the registration is received.**

FIREFIGHTER CERTIFICATION CLASSES

Sections 1-5 will present the candidate with the knowledge, skills, and ability to satisfy the requirements of NFPA 1001: Standard for Firefighter Professional Qualifications (2019 edition).

The Jones & Bartlett-Fundamentals of Fire Fighter Skills and Hazardous Materials Response, 4th Edition, (ISBN: 978-1-284-14463-5) is required for Sections 1-3.

Section 1 – FF General and Communications FIP-3040 This course includes instructional content for Orientation and Fire Service Communications.

24 hours (Thursday 7:00pm -10:00pm, Friday - Saturday 8:00am – 5:00pm, Sunday 8:00am – 1:00pm)

Instructor: **Christopher Barrett**

Section 2 – FF Fireground Ops 1 FIP-3041 This course includes instructional content for Firefighter Health & Safety

24 hours (Thursday 7:00pm -10:00pm, Friday - Saturday 8:00am – 5:00pm, Sunday 8:00am – 1:00pm)

Instructor: **Herman Born**

Section 3 – FF Fireground Ops 8 FIP-3048 This course includes instructional content for Hose, Streams, & Appliances. **Full turnout gear required**

24 hours (Thursday 7:00pm -10:00pm, Friday - Saturday 8:00am – 5:00pm, Sunday 8:00am – 1:00pm)

Instructor: **Joe Tassi**

Section 4 – FF Rescue Ops 1 FIP-3050 This course includes instructional content for Rescue. **Full turnout gear required**

28 hours (Thursday - Saturday 8:00am-5:00pm, Sunday 9:00am – 1:00pm)

Instructor: **Gene Holland**

Section 5 – Traffic Incident Management FIP-7000 This class is designed to build teams of well-trained responders who can work together in a coordinated manner, from the moment the first emergency call is made. First Responders learn the correct deployment of response vehicles and equipment, how to create a safe work area using traffic control devices, and techniques to speed up accident clearance.

4 hours (Friday 6:00pm – 10:00pm).

Instructor: **Colin Simpson**

HAZARDOUS MATERIALS CERTIFICATION CLASSES

Section 6 – HazMat Ops (Chapters 4/5/6.2/6.6) FIP-3556 This class includes lecture and practice activities needed to safely and effectively meet the training requirements for Hazardous Materials Ops credential. Textbook is Jones & Bartlett-Fundamentals of Fire Fighter Skills and Hazardous Materials Response, 4th Edition **Full Turnout Gear and SCBA Required.**

40 hours (Wednesday - Saturday 8:00am - 6:00pm, Sunday 9:00am - 1:00pm).

Instructor: **Colin Simpson**

DRIVER/OPERATOR CERTIFICATION CLASSES

Sections 7-10 will present the candidate with the knowledge, skills, and ability to satisfy the requirements of NFPA 1002: Standard for Fire Apparatus Driver/Operator Professional Qualifications (2017 edition).

The IFSTA- Pumping and Aerial Apparatus Driver/Operator Handbook, 3rd Edition. (ISBN: 978-0-87939-571-1) is required for Sections 7-10.

Section 7 – Driver Operator: Emergency Vehicle Driver FIP-3600 This class deals with the safe operation of emergency vehicles, driving skills, legal implications of emergency driving and departmental standard operating procedures. Saturday afternoon and Sunday class will meet outside for hands-on training, rain or shine. Please dress appropriately. **Students must be 18 years of age and possess a valid NC Driver License.**

24 hours (Thursday 7:00pm -10:00pm, Friday - Saturday 8:00am – 5:00pm, Sunday 8:00am – 1:00pm)

Instructor: **Lewis Smith**

Section 8 – Driver Operator: Pumps Intro/Basic Operations FIP-3623 This course includes an overview of the types of apparatus equipped with fire pumps, apparatus safety, positioning, and basic operations. This course is part of the Pumps Certification Program approved by the NC Fire and Rescue Commission.

40 hours (Wednesday - Saturday 8:00am - 6:00pm, Sunday 9:00am - 1:00pm).

Instructor: **Sam George**

Section 9 – Driver Operator: Pumps: Hydraulics/Water Supply FIP-3624 This course includes an overview of fire pump theories, water supply sources, hydraulic fundamentals, relay and water shuttle operations, & foam systems. This course is part of the Pumps Certification Program approved by the NC Fire and Rescue Commission. **Full Turnout Gear Required.**

40 hours (Wednesday - Saturday 8:00am - 6:00pm, Sunday 9:00am - 1:00pm).

Instructor: **Frank Sasser**

Section 10 – Driver Operator: Pumps: Sprinklers & Standpipes/Maintenance & Testing FIP-3625

This course includes apparatus inspection, maintenance, testing, and sprinkler and standpipe connections. This course is part of the Pumps Certification Program approved by the NC Fire and Rescue Commission. **Full Turnout Gear Required.**

30 hours (Thursday 8:00am – 6:00pm, Friday & Saturday 8:00am – 5:00pm, Sunday 8:00am - 1:00pm).

Instructor: **Ashlin Bass**

TECHNICAL RESCUER CERTIFICATION CLASSES

Prerequisites for all Technical Rescuer classes are NC Firefighter I & II certification; or having completed TR Introduction Course FRC-1200; or having a previous Technical Rescuer 2013 certification.

Section 11 – TR Rope Rescue Awareness FRC-1202 This certification-related course in rope rescue (awareness level) will present the Technical Rescuer (TR) with an introduction to rope rescue, size-up, hazards associated with rope rescue, supporting the operations, initiating a response, and technician level rescue incident.

9 Hours (Friday 8:00am – 6:00pm).

Instructor: **Eric James**

Section 12 – TR Passenger Vehicle Rescue Awareness FRC-1208 This certification-related course in common passenger vehicles (awareness level) will present the Technical Rescuer (TR) with an introduction to vehicle rescue and extrication, vehicle rescue incident awareness, and rescue tools and equipment. **Full Turnout Gear or attire suitable for rescue work including a helmet and gloves required.**

9 Hours (Friday 8:00am – 6:00pm).

Instructor: **Halsey Hoosier**

Section 13 – TR Passenger Vehicle Rescue Operations FRC-1209 This certification-related course in common passenger vehicles (operations and technician level) will present the Technical Rescuer (TR) with information on vehicle anatomy and will introduce new technologies in vehicle devices which present hazards for rescue personnel. Topics included in this course are site operations, mechanical energy and vehicle anatomy, supplemental restraint systems, and advanced vehicle technology: alternative fuel vehicles. **NOTE: TR Passenger Vehicle Rescue Awareness FRC 1208 is a prerequisite for this class.** **Full Turnout Gear or attire suitable for rescue work including a helmet and gloves required.**

15 Hours (Friday 7:00pm - 9:00pm, Saturday 8:00am – 5:00pm, Sunday 8:00am - 1:00pm).

Instructor: **Halsey Hoosier**

Section 14 – TR Passenger Vehicle Rescue Technician FRC-1210 This certification-related course in common passenger vehicles (operations and technician level) will present the Technical Rescuer (TR) the steps to stabilize a vehicle on four wheels, a side-resting vehicle, and a roof-resting vehicle. Topics included in this course are vehicle stabilization, victim access and management, alternative extrication and techniques, and terminating the incident. **NOTE: TR Passenger Vehicle Rescue Operations FRC 1209 is a prerequisite for this class.** **Full Turnout Gear or attire suitable for rescue work including a helmet and gloves required.**

18 Hours (Friday 12:00pm - 5:00pm, Saturday 8:00am – 5:00pm, Sunday 8:00am - 1:00pm).

Instructor: **Mack Smith**

LEADERSHIP/OFFICER CERTIFICATION CLASSES

Section 15 – Fire Officer I FIP-3718 This class will cover the knowledge, skills and ability to satisfy the requirements of chapter four of NFPA 1021: Standard for Fire Officer Professional Qualifications. The class is designed to meet the needs of the first-line company officer, giving candidates the basic information needed to function within a management position. **Prerequisites:** 21 years of age, Firefighter Level II for 3 years, Instructor I certified Textbook is the IFSTA Fire & Emergency Services Company Officer (Sixth Edition)

36 hours (Wednesday - Saturday 8:00am – 5:00pm, Sunday 9:00am – 1:00pm).

Instructors: **Robert Swiger**

Section 16 – Fire Officer II FIP-3719 This class covers the knowledge, skills, and requirements referenced in the National Fire Protection Association (NFPA) 1021 Standard, for Fire Officer II training. Topics include officer roles and responsibilities, community risk reduction, budgets, fire cause determination, inspections, education, leadership, management, public relations, and other requirements included in the NFPA standard. **Prerequisites:** 23 years of age, Firefighter Level II for 5 years, Fire Officer I certified, Instructor I certified. Textbook is the IFSTA Fire & Emergency Services Company Officer (Sixth Edition)

28 hours (Thursday - Saturday 8:00am – 5:00pm, Sunday 9:00am – 1:00pm).

Instructor: **Phil Batts**

Section 17 – Fire Service Instructor I FIP-3811 This course covers the knowledge, skills, and abilities needed to train others in fire service operations. Topics include planning, presenting and evaluating lesson plans, learning styles, use of media, communication, and other related topics. Upon completion, students should be able to meet the requirements of the Fire Instructor Level 1 objectives from National Fire Protection Association (NFPA) 1041. **Prerequisites:** 21 years of age, Firefighter Level II, FLSE, Rescuer or HazMat Ops certified for three (3) years Textbook is IFSTA - Fire and Emergency Services Instructor, 9th Edition

26 hours (Thursday 4:00pm – 9:00pm, Friday & Saturday 8:00am – 5:00pm, Sunday 8:00am – 1:00pm).

Instructor: **Emmett Page**

Section 18 – Fire Service Instructor II FIP-3812 This course covers the knowledge, skills and abilities needed to train others in fire service operations. Topics include planning, presenting and evaluating lesson plans, learning styles, use of media, communication, and other related topics. Upon completion, students should be able to meet the requirements of the Fire Instructor Level II objectives from National Fire Protection Association (NFPA) 1041. **Prerequisites:** Fire Instructor I certification. Textbook is IFSTA - Fire and Emergency Services Instructor (9th Edition) A laptop computer is required for this class.

38 hours (Wednesday 8:00am – 6:00pm, Thursday - Saturday 8:00am – 5:00pm, Sunday 8:00am – 1:00pm).

Instructor: **Mathew Cox**

Section 19 – Chief 101 This class will offer insight into paperwork and other issues facing today's fire departments. There will be a heavy emphasis on benefits from the State Firemen's Association, the Firemen's and Rescue Squad Workers' Pension Fund, the PSOB, Workers' Compensation and the State of North Carolina. Packets outlining the procedure to follow in case of a line-of-duty death will be provided as well. The class is designed to benefit all firefighters and is packed with useful information. Chiefs, company officers, and firefighters are encouraged to attend.

8 hours (Saturday 8:00am – 5:00pm).

Instructor: **John Grimes**

NATIONAL FIRE ACADEMY CLASSES

Sections 20-22 will need to register at <https://cdp.dhs.gov/femasid> to obtain a SID number for NFA classes

Section 20– NFA Incident Safety Officer This class is designed to provide First Responders with the ability to identify and analyze safety concerns as they relate to all hazard scene evaluations, and communicate recommended solutions to the command authority. This class examines the safety officer's role at emergency response situations. A specific focus on operations within an incident command system as a safety officer is a main theme.

16 hours (Friday 7:00pm - 10:00pm, Saturday 8:00am - 5:00pm, Sunday 8:00am - 1:00pm).

Instructor: **Curtis Teague**

Section 21 – NFA Fire Investigation: First Responder This class covers the basic techniques for determining fire origin and cause, and recognizing primary clues or evidence of arson. This is a National Fire Academy class offering instruction in the proper identification of incendiary fire from the level of a first-in firefighter. Students will also learn the basic skills of managing a crime scene and the collection of various forms of evidence.

14 hours (Saturday 8:00am - 6:00pm, Sunday 8:00am - 1:00pm).

Instructor: **Buddy Thompson**

Section 22 – NFA Training Operations for Small Departments This course is designed to provide students with some basic tools and skills to coordinate training in a fire/Emergency Medical Services (EMS) organization. The course is more typically aimed for a fire/EMS department whose community may be small and whose department may be volunteer or combination.

16 hours (Friday 7:00pm - 10:00pm, Saturday 8:00am - 5:00pm, Sunday 8:00am - 1:00pm).

Instructor: **Jonathan Sowers**

OPERATIONAL & TACTICAL SKILLS

Section 23 – Basic Firefighting. Basics to be covered include: ladders, SCBA, fire streams, hose practices, etc. Practical applications will be used extensively. **Full Turnout Gear and SCBA Required. Requires Chief's signature, form will be sent after registration.**

15 hours (Friday 7:00pm - 10:00pm, Saturday 8:00am - 5:00pm, Sunday 8:00am - 12:00pm).

Instructors: **Tommy Batson, Blake Turner, Curtis Citarelli**

Section 24 – FLASHOVER 2.0 This class starts in the classroom discussing modern fire dynamics from the latest studies. Instructors will utilize the most current research to assist in developing basic fire attack skills. Participants will then experience this training in action by entering the flashover simulator. The simulator allows the firefighter to witness the life cycle of an unfriendly fire from ignition to flashover. Learn to recognize the conditions leading to Flashover—how it happens, how to recognize the rapidly developing fire, dense smoke, high heat, and rollover, which are all present in the simulator. **Full turn-out gear with SCBA and one spare cylinder. SCBA bottles must have current hydro-test date. Participants must have completed all classes as listed in NFPA 1403. Requires signed Live Burn Competency Form.**

8 hours (Friday 8:00am – 5:00pm)

Instructor: **Donald Burns & Chris Stenerson**

Section 25 – High-Rise & Mid-Rise Engine Operations This course will explore firefighting in mid-rise and high-rise buildings, both from legacy style and modern style. The course will look into the valves, limitations, and tactics of fighting a mid-rise or high-rise fire. **Full Turnout Gear Required.**

12 hours (Saturday 8:00am-5:00pm, Sunday 8:00am-12:00pm)

Instructor: **Jonah Smith**

Section 26– The Dirty Operations of the Engine Company The class offers students the opportunity to sharpen their skills and learn new and efficient skills for the vital goal of putting water on the fire. The focus of the class will be engine company responsibilities with regard to fire control and other tactical priorities are presented and practiced. This course includes a classroom component and a hands-on portion with live fire conditions. **Full turn-out gear with SCBA and one spare cylinder. SCBA bottles must have current hydro-test date. Participants must have completed all classes as listed in NFPA 1403. Requires signed Live Burn Competency Form.**

12 hours (Saturday 8:00am-5:00pm, Sunday 8:00am-12:00pm)

Instructor: **Donald Burns, Mike Cross, & Chris Stenerson**

Section 27 – Technical Rescuer Update - NEW! This course will discuss and demonstrate the changes to the NC TR Program. Topics to be covered in class are new equipment, litter lifts and lowers with rigid litters, belay devices and catching a falling load. and alternative horizontal rescue systems. This is NOT a certification class. **Students must have a previous NC ERT, RT, or TR certification to attend this class. Rescue Helmet, Class 3 harness, rope rescue gloves, and clothing appropriate for Rope Rescue work. are required.**

12 hours (Saturday 8:00am-5:00pm, Sunday 8:00am-12:00pm)

Instructor: **Joe Mancos**

FIRE & LIFE SAFETY/CODE ENFORCEMENT

Section 28 - Fire Prevention Inspection Level I

This class is designed for the education and training of code enforcement officials who have the responsibility of inspecting existing buildings. Participants will gain understanding of the NC Fire Prevention Code and will be able to apply the Code in the inspection field. Book Required – 2018 NC Fire Code, Adopted from the 2015 International Fire Code.

40 hours (Wednesday - Saturday 8:00am – 6:00pm, Sunday 8:00am – 12:00pm).

Instructor: **Michael Marshburn**

Section 29 – Fire Life Safety Educator I FIP-4630

This certification-related Fire and Life Safety Education (FLSE) course covers the basics of fire and life safety and is the first of three FLSE levels. This class is designed to give firefighters and fire & life safety educators ideas and confidence to teach fire safety to all ages. Students will participate in fire safety lessons and teach a safety lesson plan that they can use at their own fire department.

36 hours (Wednesday – Saturday 8:00am – 5:00pm, Sunday 9:00am – 1:00pm).

Instructor: **Wendy Giannini – King**

Section 30 – Fire Life Safety Educator II FIP-4631

This certification-related Fire and Life Safety Education (FLSE) course covers the basics of fire and life safety and is the first of three FLSE levels. This class is designed to give firefighters and fire & life safety educators ideas and confidence to teach fire safety to all ages. Students will participate in fire safety lessons and teach a safety lesson plan that they can use at their own fire department.

36 hours (Wednesday – Saturday 8:00am – 5:00pm, Sunday 9:00am – 1:00pm).

Instructor: **Mary Beth Kratovel**

SPECIALTY CLASSES

Section 31 – Command-Level Influence: Crafting Training Culture from the Top - NEW!

This course explores the command-level influence in shaping fire department training culture. Through the lens of the 'bricklayer' metaphor, the session highlights the chief officer's responsibility to build readiness through structured, intentional training programs. It emphasizes physical and mental preparedness, skills development, mentorship, and continuous professional growth as pillars of organizational success. Real-world strategies and examples will be discussed to equip leaders with actionable approaches to elevate training across the department.

2 hours (Friday 6:00pm - 8:00pm).

Instructor: **Don Burns**

Section 32 – Intro to Peer Support/Firefighter Mental Health

In this class students will learn the importance of peer support, mental health self-care and suicide awareness. Reasons why first responders don't ask for help will be discussed along with the beauty of being able to connect with like-minded individuals such as peer support team members. Statistics and common risk factors for first responder suicide will also be discussed.

8 hours (Saturday 8:00am – 5:00pm).

Instructors: **Eric Stephenson - First Responders Peer Support Network**

Section 33 – VFIS Emergency Vehicle Train-the-Trainer - NEW!

This program is a train-the-trainer program which is designed to teach the necessary instructional methodology in order to successfully deliver the program. Upon completion, an instructor kit will be provided.

12 hours (Saturday 8:00am-5:00pm, Sunday 9:00am- 1:00pm)

Instructors: **Staff**

Section 34– Explosives, Bombings, & Terrorism

This class takes Emergency First Responders (EMS, Fire, Law Enforcement, and Rescue) through a basic understanding of explosives, the latest Improvised Explosive Devices (IEDs) being employed overseas and domestically, how they are being constructed, and used by terrorists against first responders and the public. What first responders need to do to ensure their safety against this threat and how to integrate with bomb squads at the scene of a bombing or other terrorist events. The course will take the students through basic bomb and explosive understanding, bomb threats, search techniques and basic safety at bomb/terrorist scenes all of which they may encounter in their jobs. It will also discuss terrorist methods, activities and the latest cases. We will discuss ways we can help stop or prevent future terrorist events in the U.S.

This course will be presented through classroom instruction and practical exercises including, indoor and outdoor IED searching, active shooter problems and live improvised explosive demonstrations.

12 hours (Saturday 8:00am-5:00pm, Sunday 9:00am- 1:00pm)

Instructors: **Retired Chief Deputy Doug Cotton**, Wilkes County Sheriff's Office, Special Operations SWAT and Hazardous Devices Unit Commander, Former member JTTF, Graduate of the FBI Academy, FBI Hazardous Devices School, and certified bomb technician.

Lt. Chris Wagoner, Wilkes County Sheriff's Office, Clandestine Laboratory Response Team member, SWAT team member, Certified bomb technician and Hazardous Devices Team Commander, Fire/Arson Investigator.

Section 35 – CPR Instructor This course is designed to prepare the instructor candidate to teach AHA instructor-led, blended learning course formats. The course shows participants how to use teaching materials, make sure learning objectives are met, provide coaching skills, evaluate skills and performance, and follow AHA policies. This course covers the core content and the discipline-specific content required to teach AHA courses. **There is an additional \$100.00 fee for this class. This fee includes the textbook and materials.**

6 hours (Friday 9:00am - 4:00pm).

Instructor: **Staff**

Section 36 – Prehospital Trauma Life Support (PHTLS) The Trauma Life Support Course is designed to increase the knowledge and skill level of the emergency medical technician in assessing and treating any trauma-related injury. Much of the material in this course is not covered in the initial EMT course. It is designed for the student to better recognize possible trauma injuries due to mechanism of injury, better assess the patient and more aggressively treat shock and trauma in general. **There is an additional \$15.00 fee for this class.**

16 hours (Friday 7:00pm - 10:00pm, Saturday 8:00am - 5:00pm, Sunday 8:00am - 1:00pm).

Instructor: **Staff**

ALS Registration

EVERYONE GOES HOME

These classes are offered by the NC Everyone Goes Home Advocate Team and will be placed as a permanent record on student's training transcripts within NC OSFM.

Section 37 – After Action Review (AAR) After Action Review (AAR) offers the fire service the opportunity to formalize the tradition of informal post-incident conversations into a simple, but systematic, guided process of analyzing, refining, and improving incident response. This training module explains the origins of After Action Review, its application to the fire service, how to implement it, and the important role it plays in culture change.

4 hours (Friday 6:00pm – 10:00pm).

Instructor: **Katherine Burton**

Section 38 – 12 O’Clock High Leadership Students will track one of eight principal characters as they weave their way through one of America’s most challenging periods, the early days of World War II. Compiled from real life experiences, the 1949 Academy Award winning film, 12 O’Clock High, forms the nucleus of the lessons attendees will extract regarding resilience, mission, compassion, empathy, and considering the impact of “maximum effort.”

4 hours (Saturday 8:00am - 12:00pm)

Instructor: **Katherine Burton**

Section 39 – Leadership So Everyone Goes Home

A course of the Everyone Goes Home® Program of the National Fallen Firefighters Foundation designed to assist in the reduction of LODDs utilizing a series of case studies. Each study will include what happened, why it happened, what could have avoided it, were safety measures available and used, and how can we prevent this in the future. Utilizing case studies, the learning objectives become more real to life and increases the possibility of changing the organizational culture to reduce the possibility of deaths and injuries in the future.

4 hours (Saturday 1:00pm – 5:00pm).

Instructor: **Katherine Burton**

Section 40– Attributes of Leading (AOL) Attributes of Leading (AOL) is designed to build more effective fire service leaders of all ranks. is a highly interactive, real-world applicable, case study-based course. Through a process of view, review, introspection, and discussion, the program challenges attendees to focus on qualities that constructively influence members regarding overall performance, health, and safety. Short videos for each attribute feature firefighters and officers from across the country, combined with thoughtful words from the late Chief Alan Brunacini are used to stimulate discussion.

6 hours (Sunday 8:00am - 2:00pm)

Instructor: **Katherine Burton**

Statement of Prior Training

For Live Fire Training Conducted by Cape Fear Community College

STUDENT NAME																	
DEPARTMENT																	
CHIEF OR TRAINING OFFICER COMPLETEING THIS FORM																	
<p>The 2018 edition of NFPA Standard 1403 requires that: "Students participating in live fire training evolution who have received the required minimum training and prerequisites from other than the authority having jurisdiction shall not be permitted to participate in any live fire training evolution without presenting prior written evidence of having successfully completed the prescribed minimum training to the levels specified in 4.3.1 (required minimum training) and 4.3.2.1 through 4.3.2.5 (prerequisites)." These required minimum training subjects (4.3.1) and prerequisites (4.3.2) are:</p> <table><tr><td>4.3.1 - Safety</td><td>4.3.1 - Ventilation</td></tr><tr><td>4.3.1 - Fire Behavior</td><td>4.3.1 - Forcible Entry</td></tr><tr><td>4.3.1 - Portable Extinguishers</td><td>4.3.1 - Building Construction</td></tr><tr><td>4.3.1 - Personal Protective Equipment</td><td>4.3.2.1 - Fire Dynamics</td></tr><tr><td>4.3.1 - Ladders</td><td>4.3.2.2 - Health and Safety</td></tr><tr><td>4.3.1 - Fire Hose, Appliance, and Streams</td><td>4.3.2.3 - Fundamentals of Fire Behavior</td></tr><tr><td>4.3.1 - Overhaul</td><td>4.3.2.4 - Fire Development in a Compartment</td></tr><tr><td>4.3.1 - Water Supply</td><td>4.3.2.5 - Nozzle Techniques and Door Control</td></tr></table>		4.3.1 - Safety	4.3.1 - Ventilation	4.3.1 - Fire Behavior	4.3.1 - Forcible Entry	4.3.1 - Portable Extinguishers	4.3.1 - Building Construction	4.3.1 - Personal Protective Equipment	4.3.2.1 - Fire Dynamics	4.3.1 - Ladders	4.3.2.2 - Health and Safety	4.3.1 - Fire Hose, Appliance, and Streams	4.3.2.3 - Fundamentals of Fire Behavior	4.3.1 - Overhaul	4.3.2.4 - Fire Development in a Compartment	4.3.1 - Water Supply	4.3.2.5 - Nozzle Techniques and Door Control
4.3.1 - Safety	4.3.1 - Ventilation																
4.3.1 - Fire Behavior	4.3.1 - Forcible Entry																
4.3.1 - Portable Extinguishers	4.3.1 - Building Construction
